Dated	11-2-	1869.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
11th February 1869.*

No. 294. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Calicut, 2nd February 1869, No. 189:—

1. An estimate of Rupees 18,800 was sanctioned in G. O., No. 1,370, of 2nd May 1868, for the reconstruction of the Cootlangady bridge at the Military outstation of Malliappooram, on Imperial Road No. III., in the Malabar District; but unfortunately no funds have been allotted for it in next year's Budget. As the right abutment and pier foundations have to be laid on wells, I do not like to let the current dry season pass away without, at least, making the bricks and laying the foundations ready for the superstructure to be built on them at convenience, as funds may be forthcoming either from the Reserve of 1869-70, or from savings on allotments of that year. I have accordingly instructed the Calicut Range Officer to take in hand these two foundations, for which I will provide funds by transfers from other "Communication" allotments of the 7th Division, to be hereafter reported; and I have the honour to request that Government will be pleased to approve of the step I have taken.

2. I could in like manner supply funds to enable the foundations of the three bridges on Imperial Road No. XXV., in Canara District, for which Rupees 12,825 were sanctioned in G. O., No. 3,638, of 20th November, to be laid during the current dry season; and should be very glad to receive permission to do so at an early date, as I am now on my way to Canara, and could arrange for just so much work being done as would save a season's delay when funds are available, and yet not commit the Government to provision of the balance from next year's Reserve should other calls on it be more pressing.

No. 295. ORDER THEREON, 11th February 1869, No. 444.

CIVIL WORKS, No. 36.

On the understanding that the Superintending Engineer of the 7th Division will provide by transfers, funds for the works referred to in this letter, the Government approve of the proceedings reported in paragraph 1, and grant authority for the commencement of the foundations of the bridges mentioned in paragraph 2.

From, Colonel G. W. Walker R.E.
Supg. Engineer 7th Division

To,

Colonel C. A. Orr R.E.

Secy. to Government D.P.W. Madras.

Sir,

An estimate of Rs. 10,800 was sanctioned in G.O. N^o 1370 of 2^d May 1868 for the reconstruction of the Coottangady Bridge, at the Military Outstation of Malliapuram on Imperial Road N^o III, in the Malabar District; but unfortunately no funds have been allotted for it in next year's Budget. As the Right-Abutment and Pier foundations have to be laid on Wells, I do not like to let the current dry season pass away without at least making the Bricks and laying the foundations ready for the superstructure to be built on them at convenience, as funds may be forthcoming either from the Reserve of 1869-70, or from savings on allotments of that year. I have accordingly instructed the Calicut Range Officer to take in hand these 2 foundations, for which I will provide funds by transfers from other "Communication" allotments of the 7th Division, to be hereafter reported. And I have the honor to request that Government will be pleased to approve of the step I have

taken.

2. I could in like manner supply funds to enable the foundations of the 3 Bridges on Imperial Road N: ~~XXV~~ in Ba-nara District, for which Rupees 12,825 were sanctioned in L.O. N: 3638 of 20th November, to be laid during the current dry season; and should be very glad to receive permission to do so at an early date, as I am now on my way to Canara, and could arrange for just so much work being done as would save a seasons delay when funds are available, and yet not commit the Government to provision of the balance from next years Reserve should other calls on it be more pressing.

I have the honor to be
Sir, Your most obedt. Servant
Wm. Walker Colonel R.E.
