*Proceedings of the Madras Government, Public Works Department,
12th February 1869.*

Read the following papers:—

No. 325. From the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Reddypully, Cuddapah District, 21st December 1868, No. 3,459.

1. With reference to paragraph 3 of G. O. No. 3,012, of 23rd September 1868, I have the honour to inform you that every attempt has been made to induce the owner of the small bungalow at the east end of the Engineer's yard at Bellary to sell the bungalow at a reasonable price, and, as stated in the latter part of paragraph 3 of my letter No. 2,055, of 7th September, I consider that Rupees 1,000 is quite sufficient.

2. The owner, however, holds out for the exorbitant sum of Rupees 3,500, and as I am informed that he purchased the building a few years ago for about Rupees 500, I consider I am right in calling his demand exorbitant.

3. Colonel Palmer has assessed the bungalow and out-houses, and has put down the valuation at Rupees 1,200.

4. I beg to recommend either that the property be taken up by Government under the Act, or else that we be allowed to build a wall at the east end to prevent access to the yard.

No. 326. Memorandum from the Quarter Master General, to the Secretary to Government, Military Department, dated Fort St. George, 16th December 1868, No. 8,693.

1. Adverting to paragraph 3 of Order of Government, No. 3,012, dated 23rd September 1868, Public Works Department, the Commander-in-Chief has the honour to submit, for the decision of Government, the within correspondence connected with the valuation of the buildings herein mentioned. The Engineer values them at Rupees 1,198, and the proprietor at Rupees 3,700.

2. The land upon which the buildings are erected is held upon a Government Grant, and the provisions of Clause XIII of G. O. C. C., No. 81, dated 24th August 1866, are applicable to the case.

By order,
(Signed) C. COOKE, Colonel,
Quarter Master General.

C. C., No. 81, dated 24th August 1866, to value the building, and has estimated its value at Rupees 1,193; with this estimate the owner is dissatisfied, it being in his opinion far below the real value of the house, which he estimates at Rupees 3,700. The decision of Government is, therefore, necessary to fix the amount to be paid for it.

Sir

In Compliance with your order
I beg to submit a plan and estimate of the
building in the Fort contiguous to the Engineer
Wood Yard, according to which you will
perceive that the value of the building is
3700 Rs. This is a fair valuation while
that prepared by the Engineer Department
is exceedingly low. The rates of 6 pie for
a cubic foot of mud & stone & 9 pie for
ditto of Chumam & Stone are for Cheapness

Such as were never known in this place.

If the ground is absolutely needed for the
wood yard and if it is necessary that the house
should be removed, I have no objection to
Govt. building ^{for me} a similar house on
another site with the same materials.
