Public Works DEPARTMENT.

G.O. No. <i>546</i>	Press ~~Mis.~~
<i>443-44</i>	
Dated <i>16-2-</i>	<i>1869.</i>

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
16th February 1869.*

No. 443. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Camp at Manaloorpett, 25th January 1869, No. 187 :—

1. I have the honour to forward, for the sanction of Government, an estimate of Rupees 310 for constructing a causeway across the Manimuthanuddy river at Virdachellum, in South Arcot.
1 Specification.
1 Estimate.

2. The work is required to facilitate the passage of the ordinary traffic across the sandy bed of the river, and to allow of gravel being carted to the roads on the south side at the ordinary rates.

An estimate of Rupees 20,000, for a bridge at this place, was sanctioned in December 1856, but no funds have yet been allotted, and there are other bridges more urgently required in the district.

3. I have ascertained from the Superintendent Engineer, 4th Division, that a causeway of the kind proposed has been found very useful at the crossing of the Palar at Arcot, and that it has been kept in good order at a small annual outlay.

4. The cost can be met from the grant of Rupees 400, Minor New Works, under "Communications."

No. 444. ORDER THEREON, 16th February 1869, No. 516.

CIVIL WORKS, No. 62.

1. Under the explanation afforded in this letter, the Government sanction the estimate of Rupees 310 for the construction of a causeway across the Manimuthanuddy river at Virdachellum in the South Arcot District.

2. Funds for the work will be provided in the manner proposed in paragraph 4.

Specification.
Estimate

I have the honor to forward, for the sanction of Government, an estimate of Rupees 310., for constructing a Causeway across the Manimuthamuddy river at Vidachellum, in South Arcot.

2. The work is required to facilitate the passage of the ordinary traffic, across the sandy bed of the river, and to allow of gravel being carted to the roads on the South side at the ordinary rates.

An estimate of Rupees 20,000. for a bridge at this place, was sanctioned in Dec: 1858, but no funds have yet been allotted, and there are other bridges more urgently required in the district.

3. I have ascertained from the Superintending Engineer, 4th Division, that a Causeway of the kind proposed, has been found very useful at the crossing of the Palar at Chet, and that

that it has been kept in good order at a small annual outlay.
 4. The cost can be met from the grant of Rs. 5400. Minor New Works, under "Communications".

I have the honor to be,
 Sir,
 Your most obedient servant
 Edwd. Colonel R.E.
 Superintg Engineer Sth Divn.
