G.O. No. 1872 Press / Mis.

174-75

Dated 9 6 1869.

Not to be folded or roughly handled

No. 174. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Bazoarah, 11th March 1868, No. 169 —

1 Statement, requested to be returned.

* Rupees 9,552-6-0

REFERRING to G O, No 641, 26th February, I have the honour to observe that a considerable amount * of outstanding balance in the Bazoarah Range is caused by the value standing in its books of the materials for a bridge which it was at one time proposed to construct on the anicut across the Kistna.

2. I enclose a descriptive statement, as in their present form they may be found useful on some other works, whereas here they are valued† at a price below that of unshaped irons.

† Rupees 3,717-14-0.

Statement of Bridge Iron in the No 6 or Bezwarah Range Stores, showing the quantity required for Workshop works, and the quantity to be disposed off.

1 Names and measurement	2 Balance on 1st October 1868		3 Required for works in Workshop		4 To be disposed off		5 Remarks.

BEZWARAH,
4th March 1869.

(Signed) A C. SMITH, Lieutenant, R E,
Assistant Engineer, 6th Range.

Proceedings of the Madras Government, Public Works Department, 9th June 1869.

No. 175. ORDER THEREON, 9th June 1869, No. 1,872

ACCOUNT, No 6.

THE Government are of opinion that the iron work in question should be sent to the Public Works Stores at Chepauk with a view to its being utilized for public purposes Lieutenant-Colonel Moberly will therefore arrange for its despatch to the General Superintendent, who will take over the articles at a fair valuation and report such valuation to Government, in order to the difference between the book and actual value being written off to profit and loss.

Sir

Enclosure
Statement as noted
returned

Referring to P.W.D. No 641
26th February I have the honor to observe
that a considerable amount of outstanding
balance in the Bangalore Magazine is caused
by the value standing in its books of
the materials for a bridge which it
was at one time proposed to construct
over the Arkavati across the Kistna.

2 I enclose a descriptive statement
as in their present form they may be
found useful on some other works
whereas here they are valued at a
price below that of unshaped iron.

I have the honor to be
