Proceedings of the Madras Government, Public Works Department,
9th June 1869.

No. 180. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 21st May 1869, No. 959 :—

1 Plan
1 Estimate.

AGREEABLY to G. O., No. 698, dated 4th March 1869, I have the honour to submit a revised plan, countersigned by the Acting Superintendent of the Gun Powder Factory, and an estimate amounting to Rupees 740 for laying down pipes for conveying water from the cistern at the south-west angle of the Refinery buildings to the cistern at the new Drying-house, in the enclosure of the Gun Powder Factory.

2. It will be observed that Rupees 1,660, being the value of pipes, cocks, &c., are deducted in the estimate, the articles in question having been obtained from Mint free of cash payment.

3. The work is nearly completed; Rupees 1,180 were applied for in the list of incomplete works submitted to Government on the 21st April 1869, that item being the difference between the original estimate of Rupees 1,380 and the expenditure, viz., Rupees 200, incurred in the past official year. It will, however, now only be necessary to provide a sum of Rupees 540 from the Reserve under "Military."

4. I have lately inspected the work with Captain Goddard, and find that it is very nearly completed.

No. 181. ORDER THEREON, 9th June 1869, No. 1,875.
