Proceedings of the Madras Government, Public Works Department,
10th June 1869.

No. 210. Read the following Circular from the Government of India, Public Works Department, (Account—Railway,) dated Simla, 21st April 1869, No. 7:—

Prompt adjustments between Capital and Revenue.

RESOLUTION.—IT has been brought to the notice of the Government of India, that it has been customary on some Railways not to make the necessary adjustments between Capital and Revenue for the value of stores consumed on Revenue account, until some months after the close of the half-year in which the stores were consumed. The Governor General in Council desires to point out that it is the duty of the Agents of all Railway Companies, and of the Government Consulting Engineers, to see that all debts due by Revenue to Capital, and *vice versa*, of whatever nature, are promptly settled, and when necessary, adjusted by payments of cash into the Government Treasuries, immediately after the Accounts Current for each month have been prepared, so that the adjustment shall be made without any delay month by month, and His Excellency in Council expects that the Local Governments concerned with the administration of Guaranteed Railways will see that this duty is regularly attended to, as the financial interests of the State may be seriously compromised, in relation to the payments of interest on Revenue Balances and Guaranteed Capital, by want of attention to such adjustments.

ORDER.—Ordered, that this Resolution be communicated to the Governments and Administration marginally noted for information and guidance.

Madras, Bombay, Bengal, Punjab, Oudh.
