Irrigation Works on the Tambraporney River in the Tinnevelley District in Madras.

Read the following Despatch :-

India Office,

London, 15th April 1869.

Public Works

No. 38.

To

His Excellency the Right Honble the

Governor General of India in Council.

My Lord,

Para. 1. I have had before me in Council your Excellency's Despatch dated 5th February 11th (No. 22) 1869, reporting the sanction by your Government of an estimate of Rupees 831,600 for irrigation

irrigation works on the Tambraparney River in
Tinnevelly.

2. The project in question is one which is
expected to become remunerative almost as
soon as it is completed, and is, therefore, properly
placed by your Government in the category
of works that should be constructed from funds
supplied by loan. It will satisfactorily
complete the excellent system of irrigation
which has existed from very ancient times in
the district of Tinnevelly, and has been maintained
and improved under British rule, while it will
also furnish a much needed supply of water to
the important and increasing Sea port of
Tuticorin.

I have the honor to be &c.

(Signed) Argyll

Ordered that a copy of this Despatch be forwarded to the Government of Fort Saint George for information, in continuation of Public Works Department Letter No. 533 dated 11th February 1869.
