Proceedings of the Madras Government, Public Works Department, 10th June 1869.

No. 218. Read the following letter from the Officiating Secretary to the Government of India, Public Works Department, (Irrigation,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 13th May 1869, No. 125-I. :—

I AM directed by His Excellency the Governor General in Council to request that the Government of India may be furnished with quarterly Progress Reports, commencing with the quarter ending 30th June 1869, of all irrigation works which are being carried out, or which may hereafter be carried out in the Madras Presidency with funds supplied from the Extraordinary grant.

2. The Government of India desires to be kept acquainted with the progress that is being made on the large irrigation works which are under execution in various parts of the country, and, in calling for reports to exhibit this, His Excellency in Council wishes it to be understood that the information sought for is only a succinct description of the state to which the works have been advanced up to the date of each report. The quantities of masonry or earthwork executed need not be specified, nor is it necessary to furnish a strictly accurate statement of the expenditure up to date, though it will be convenient if the whole approximate expenditure, as compared with the Budget grants and total estimated outlay, is mentioned.

3. I am to add that the value of the Progress Reports now called for will in a great measure depend on the punctuality with which they are rendered.

No. 219. ORDER THEREON, 10th June 1869, No. 1,894.

IRRIGATION, No. 11.

COMMUNICATED to the Superintending Engineers, who will in all cases in which Agricultural works are now under execution, or may hereafter be carried on from the Extraordinary grant, furnish punctually, through the Chief Engineer for Irrigation, a quarterly Progress Report in the accompanying form. Special care should be taken in filling up the column showing the progress made.

2. The first Report to be submitted will be for the quarter ending 30th instant. That and succeeding Reports should be despatched without fail by the 15th of the month following the quarter to which the Report refers.
