*Proceedings of the Madras Government, Public Works Department,
11th June 1869.*

No. 230. Read the following Circular from the Government of India, Public Works Department, (Railway,) dated Simla, 14th May 1869, No. 9:—

Unauthorized action of Officers of Railway Companies in dealing with Contractors.

RESOLUTION.—The attention of the Government of India has been drawn to the necessity for giving specific orders for prohibiting Officers of Guaranteed Railway Companies from taking on themselves the issuing to Contractors of orders for new works, or for extra work, or the holding out of promises to Contractors that they will receive higher rates than have already been agreed upon between them and the Companies.

2. The Governor General in Council accordingly desires that it may be clearly made known to Agents of Guaranteed Railway Companies, and by them explained to their Officers, that, except under circumstances of real emergency, the Government of India will not recognize orders or promises on such subjects, given without the specific assent and sanction of the Consulting Engineer or Local Government, as in any way binding on the Government under the Contract, and His Excellency in Council directs that the Government Examiners of Railway Accounts may be instructed to be most careful in checking and bringing to notice expenditure arising out of such unauthorized orders or promises at the earliest opportunity possible. The Government is as directly interested in all outlay on Guaranteed Railways as though the money was provided from the public revenues. Under the Contracts with the Companies, no expenditure can properly take place without the sanction of the Government, and this condition must be effectually guarded against being infringed upon by indirect means.

ORDER —Ordered, that this Resolution be communicated to the Governments
Madras Punjab
Bombay. Oudh
Bengal and Administrations noted in the margin
for information and guidance.

Ordered also, that it be communicated to the Secretary of State.
