Proceedings of the Madras Government, Public Works Department, 11th June 1869.

No. 250. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 17th May 1869, No. 673:—

ADVERTING to G. O., No. 1,347, dated the 23rd April last, I have the honour to submit, herewith, a comparative statement showing the cause of excess between the original and revised estimates for converting the old Zillah Jail at Chicacole into a Talook Cutcherry and Subsidiary Jail, with the necessary explanations attached.

1 Comparative Statement
1 Original Estimate (to be obligingly returned)

No. 251. ORDER THEREON, 11th June 1869, No. 1,910.

CIVIL WORKS, No. 43.

IN Proceedings of Government in the Judicial Department under date the 16th November 1868, No. 1,737, sanction was accorded to the conversion of the old Zillah Jail at Chicacole into a Talook Cutcherry and Subsidiary Jail at an estimated cost of Rupees 5,533. Subsequently in April 1869 the Superintending Engineer of the 1st Division having submitted a revised estimate of Rupees 7,860 for the work, unaccompanied by any explanation as to the necessity for the excess expenditure, he was requested to supply the omission. This Captain Fischer now does, and from the comparative statement submitted by him it appears that the excess of Rupees 2,327 is due chiefly to the items* marginally noted not having been included in the original estimate and to provision not having been made for a latrine and cook-room, the construction of which was recommended by the Subsidiary Jail Committee after the original estimate was sanctioned.

* Flooring Jail wards with asphalte.
Iron barred doors and ventilators

2. Under this explanation His Excellency the Governor in Council approves of the revised estimate of Rupees 7,860, and observes that a sum of Rupees 3,000 has been entered in Part II. of the current year's Budget for the work.
