Proceedings of the Madras Government, Public Works Department, 12th June 1869.

No. 266. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Cuddalore, 20th May 1869, No 41 :—

I HAVE the honour to bring to your notice that I have this day forwarded, through the Controller of Public Works Accounts, an application from Captain Howard, Assistant Engineer, 3rd Range, South Arcot, for six months' leave on sick certificate.

2. Captain Howard is at present absent from the district on privilege leave. Lieutenant Pennefather is now giving over charge of the first Range to Lieutenant Purchas, who, being new to the district and to the Department, is quite unequal to the charge of two Ranges. I request, therefore, that an Executive Officer of some standing and experience may be sent at once in the place of Captain Howard. I may mention that it will not be possible for Mr. Norfor to take temporary charge of the third Range, in addition to his own, as he has too many large new works in progress. It is also probable that Lieutenant Graham will have to apply for leave.
