*Proceedings of the Madras Government, Public Works Department,
2nd July 1869*

No 32. Read the following letter from the Commissary General, Madras, to the Secretary to Government, Military Department, dated Madras, 18th June 1869, No. 2,310.—

I HAVE the honour to inform you that in the estimate for the Assistant Commissary's quarters at the Bakery, approved in Order of Government, No. 3,277,*
• Military Dept, No 4,161, 22nd October 1868
16th October 1868, Public Works Department, no provision was made for servants' quarters

2. The scale of these servants' houses for the different grades is laid down in the Proceedings of Government, Public Works Department, 14th December 1866,
† Military Dept, No 339, 31st January 1867
No 3,943 † The same being communicated to the Superintending Engineer for guidance.

3 The size† of these out-offices is specified in Proceedings of Government, Public Works Department, 13th November 1868, No 3,531 §
‡ "Each servant's house 10 feet × 10 feet"
§ Military Dept, No 4,544, 21st Nov 1868

4 On completion of the Assistant Commissary's quarters near the Government Bakery, it was found that the only out-houses provided were a cook-room and latrine.

5. Application was therefore made to the Executive Engineer for the provision of the servants' quarters in question.

6 The Executive Engineer replies,||
| Letter sent for reference, No 223, dated 11th June 1869
that the construction of these houses is not sanctioned

7. I have, therefore, the honour to request Government may issue such orders, as they deem requisite, to the Public Works Department, for the provision of servants' houses for the Assistant Commissary's quarters, Government Bakery, according to the usual scale.

From the Executive Engineer, Presidency, Southern Range, to the Deputy Commissary General, dated Madras, 11th June 1869, No 223

WITH reference to your letter No 2,032, dated 10th June 1869, I have the honour to inform you that by G O, No 3,277, dated 16th October 1868, the Government approved of the plan and estimate according to which the Commissary's quarters have been erected. The plan is the standard plan slightly modified, and provision is made for two small rooms, for a kitchen and latrine, but I can find no authority for servants' rooms. By G O, No 3,943, dated 14th December 1866, in the scale of Military quarters that has been approved by the Supreme Government, I find five servants' houses laid down for an Assistant Commissary. But then this scale came from Bengal, and the Madras Government may not consider it applicable to the present case. They certainly have not sanctioned the construction of the houses

P S—The enclosures forwarded with your letter are herewith returned

REFERRED to the Public Works Department
