*Proceedings of the Madras Government, Public Works Department,
3rd July 1869.*

No 73.

Dated 3rd July 1869, No. 2,165.

IRRIGATION, No. 3.

In inviting particular attention to the Controller's Circular No VIII-608 of the 21st June 1869, His Excellency the Governor in Council resolves to inform the Superintending Engineers that they will be held strictly responsible for any infringement of the orders which prohibit the appropriation, under any circumstances, of the special grant for Irrigation Works "Extraordinary" to works of any other description whatever.

JULY.

No. 73

Special grant for Extraordinary Irrigation Works—The Superintending Engineers informed that they will be held strictly responsible for any infringement of the orders which prohibit the appropriation of the special grant for Extraordinary Irrigation Works, to works of any other description whatever.

CIRCULAR No. VIII
606

The Government of India having drawn special attention to the necessity for keeping the outlay on Public Works within the main divisions of the Budget grant, and ruled that excesses over one assignment cannot be compensated by savings on others, the Controller of Public Works Accounts has the honor to point out to Superintending Engineers and Range Officers that these orders particularly apply to the allotments which are annually made for Agricultural Works from Borrowed Capital, and that no portion of the money appropriated to Extraordinary Works of Irrigation should, on any account, be employed, even as a temporary measure, in the execution of works of other descriptions

2. It should always be understood that, when the Monthly or Annual Accounts of a Range or District are made up, the difference between the aggregate outlay and grant for Extraordinary Works should, irrespective of all other monies, appear to the credit of the Drawing Account of the Officers concerned, and on no account be taken as a setoff against excess outlay from the ordinary Public Works allotment.
