Proceedings of the Madras Government, Public Works Department, 7th July 1869.

No. 149. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Bhowany, 25th June 1869, No. 53:—

I HAVE the honour to bring to notice the practical inconvenience caused by the action of G. O., No. 3,486, of 7th November 1868.

2. According to it, the allotments for Police buildings and repairs are made with reference to Police and not to Revenue Districts; and in 1869-70 a sum of Rupees 200 is placed at my disposal for Police repairs in North Malabar, while Rupees 500 are at the disposal of the Executive Engineer in special charge of Wynaad for Police repairs in Wynaad and South Malabar.

3. The former allotment, at my disposal, of Rupees 200 was increased to Rupees 638 by G. O., No. 1,339, of 23rd April, out of which Rupees 219 only are accounted for by estimates of Officers under my orders; Rupees 95-12-8 by work done and paid by this department in 1868-69; and the balance of Rupees 323-3-4 is stated to be the cost of repairs of buildings in North Wynaad, portion of which is included in the Police District of North Malabar, but for which funds cannot be supplied by me.

4. Again, by G. O., No. 1,933, of 14th June, the Rupees 96 (Rupees 95-12-8) above-mentioned as having been spent in 1868-69, are (with another small sum from Canara), transferred to South Malabar, Police District, to meet repairs of two Police buildings in the South Malabar District. I am accordingly applied to for funds, but have none to supply, as it is the Wynaad Executive Engineer who has been credited with these sums, and not I.

5. These anomalies would be avoided if the Inspector-General of Police were instructed to apply through the Wynaad Executive Engineer and myself, respectively, for such transfers of funds as may be required. No other department applies to Government direct for transfers of funds which are to the credit of Superintending Engineers. None of the estimates, on account of which transfers have been asked, have been submitted for my approval; and altogether the present procedure is irregular, and sure to lead to mistakes like the present, under which I am called on to supply Rupees 538, which have not been credited to me, but to the Wynaad Executive Engineer.

6. If necessary, Budget allotments for Police might be made under four heads, *viz.*, North and South Malabar credited to me, and North and South Wynaad credited to the Executive Engineer in charge of Wynaad. But the old allotment to Malabar and Wynaad was sufficient in my opinion; the Inspector-General of Police sanctioning repair-estimates as they come up to him, and forwarding them to me for disposal, with note of districts from which transfers are available, if required.

No. 150. ORDER THEREON, 7th July 1869, No. 2,204.

ACCOUNT, No. 8.

2. A copy of Colonel Walker's letter will be furnished to the Inspector-General of Police, who will, in communication with the Superintending Engineer of the 7th Division and the Officer in charge of Public Works Operations in the Wynaad, furnish clear statements of the appropriations which he would propose of the current year's grant for Police buildings, New and Repair, for that province and for the Malabar District. To,
Colonel C. A. Orr RE
Secretary to Government P.W. Madras.

Sir,

I have the honor to bring to notice the practical inconvenience caused by the action of G.O. No. 3486 of 7th November 1868.

2. According to the allotments for Police Buildings and Repairs are made with reference to Police and not to Revenue Districts — And in 1869-70 a sum of Rs. 200 is placed at my disposal for Police Repairs in North Malabar, while Rs. 500 are at the disposal of the Executive Engineer in special charge of Wynaad for Police Repairs in Wynaad and South Malabar.

3. The former allotment at my disposal of Rs. 200, was increased to Rs. 638 by G.O. No. 1339 of 23rd April, out of which Rs. 219 only are accounted for by Estimates of Offices under my orders; Rs. 95-12-8 by work done and paid by this Department in 1868-69, and the balance of Rs. 323-3-4 is stated to be the cost of repairs of buildings in North Wynaad, portion of which is included in the Police District of North Malabar, but for which funds cannot be supplied by me.—

4. Again, by G.O. No. 1933 of 14th June, the Rupees 96 (Rs. 95-12-8) above mentioned as having been spent in 1868-69, are (with another small sum from Canara), transferred

to South Malabar Police District towent Repairs of 2 Police Buildings in the South Malabar District - I am accordingly applied to for funds, but have none to supply, as it is the Wynaad Executive Engineer who has been credited with these sums and not I.-

5. These anomalies would be avoided if the Inspector General of Police were instructed to apply through the Wynaad Executive Engineer and myself respectively for such transfers of funds as may be required :- No other Department applies to Government direct for transfers of funds which are to the credit of Supdg. Engineers - None of the Estimates account of which transfers have been asked have been submitted for my approval; and although the present procedure is irregular, and sure to lead to mistakes like the present under which I am called on to supply Rs. 538 which have not been credited to me but to the Wynaad Executive Engineer.-

6. If necessary, Budget allotments for Police might be made under 4 heads, viz: North & South Malabar — — — credited to me, and North & South Wynaad credited to the Executive Engineer in charge of Wynaad.- But the old allotment to Malabar and Wynaad was sufficient in my opinion, the Inspector General of Police sanctioning Repair Estimates as they come up to him, and forwarding them to me for disposal, with Note of Districts from which transfers are available, if required.-
