IRRIGATION, No. 10.

With reference to the orders of the Government of India above recorded, His Excellency the Governor in Council desires it to be clearly understood that no expenditure on works of Irrigation intended to be treated as extraordinary, the estimates for which have not been sanctioned by the Government of India, should be incurred, without a special allotment of funds out of the ordinary Budget grant, which allotment will be made by the Government only under very exceptional circumstances.

2. Superintending Engineers will be careful to lose no time in submitting estimates for those projects, which have been entered in the Budget statements under Extraordinary, but for which these estimates were not ready when the Budget was prepared, and have not since been received.
