Proceedings of the Madras Government, Public Works Department, 9th July 1869.

No. 214. Read the following letter from the Officiating Secretary to the Chief Commissioner of Mysore, Public Works Department, to the Secretary to the Government of Madras, Public Works Department, dated Bangalore, 23rd June 1869, No. 3,899:—

WITH reference to your letter, No. 835. of the 15th March 1869, on the subject of the Mudduck Tank in Nuggur Division, (Masoor site on the Choardy,) I have the honour, by desire of the Chief Commissioner, to forward, for the information of the Right Honourable the Governor of Madras in Council, copy of letter, No. 30-I-1,124, of 11th June 1869, received from the Government of Bombay on the same subject; and to observe that the question whether the Bombay Government or the Irrigation Company should prosecute any irrigation project, the source of which is in Mysore, will, the Chief Commissioner presumes, be decided by the Government of India.

From the Under-Secretary to the Government of Bombay, Public Works Department, to the Secretary to the Chief Commissioner for the Government of the Territories of His Highness the Maharajah of Mysore, dated Bombay Castle, 11th June 1869, No. 30-I-1,124.

I AM directed by the Right Honourable the Governor in Council to acknowledge the receipt of your letter, No. 412, dated 21st April 1869, and to state, in reply, that this Government contemplates extending the irrigation from the Choardy river far beyond the limits of the works under execution at and near the Mudduck Tank, and there is great doubt as to whether any considerable quantity of water will be available for the Madras Irrigation Company. Further information on this point will be hereafter supplied when the surveys, which have been ordered, are completed.
