„ Consulting Engineer for Railways.
„ Controller of Public Works Accounts

Ed. F. R. Bantleman

*Proceedings of the Madras Government, Revenue Department,
7th July 1869.*

No. 112. Read the following Proceedings of the Board of Revenue, dated 10th June 1869, No. 4,174:—

Read the following letter from the Collector of Bellary, to the Acting Secretary to the Board of Revenue, dated 12th April 1869, No. 61.

I HAVE the honour to acknowledge receipt of the Board's Proceedings, No. 2,017, dated 24th ultimo, and to submit the information called for with reference to the Railway feeders in this district.

No. 3.—*Yadikee to Rayachervoo.*—The estimate for re-constructing the road has not yet been received in this Office, but the amount provided for its repair (Rupees 150) will, I think, be sufficient to keep it in working order for the present.

No. 6.—*Jolladrassy to the Railway Station at Veerapoor.*—The work will be performed by the Public Works Department. The new official year having commenced, I am unable, owing to the Local Fund Budget for 1869-70 not having as yet been received, to indicate the source whence this charge can be met. In my letter, dated 27th October 1868, No. 260, I specified the balances available from last year's sanction.

No. 8.—*From Bellary and Kurnool road near Asperi to the Railway Station.*—Plan and estimate are forwarded herewith, the latter amounting to Rupees 5,810. In forwarding this estimate, the Superintending Engineer writes as follows:—

"2. A sum of Rupees 1,000 was provided in the Budget for 1868-69 for this work, and Rupees 2,000 (Item No. 280 in Public Works Budget) is entered in the "current year's Budget; but as no part of last year's grant was expended, as the "estimate was not ready, I request that the full amount of the estimate may be "obtained for expenditure in 1869-70.

"3. The amount of compensation for the land required for this road will "have to be added to the estimated amount."

2. To save delay, I request permission to submit a Supplemental Estimate for the amount of compensation to be paid for the land required for this road.

3. The estimates for Items Nos. 10 and 12 will shortly be submitted.

ENCLOSURES Nos. 1 to 6.—Plans and Estimates.

THE Collector is requested, in continuation of the Board's Proceedings, dated 12th April 1869, No. 2,493, to point out the source from which the sum of Rupees 3,950, being the estimated cost of the work marginally described, can be provided, to enable the Board to authorise the necessary transfer of funds in favour of the Public Works Department.

2. The plans and estimates, amounting to Rupees 5,810, received with the foregoing letter, for the road from Bellary and Kurnool road, near Asperi to the Railway station, are submitted for the sanction of Government. This is one of the Railway feeders enumerated in the letter from the Consulting Engineer for

*Proceedings of the Madras Government, Revenue Department,
7th July 1869.*

Railways, which is embodied in Government Order, Public Works Department, dated 7th October 1868, No. 3,163.

3. The estimate is made up of the following items:—

	RS.	A.	P.
1. Road-dams,	1,616	14	3
2. Earth-work,.....	414	4	0
3. Metalling and gravelling,.....	3,410	6	4
4. Superintendence and sundries,.....	368	7	5
	5,810	0	0

4. The work appears as Item No. 71 in the current year's Road Fund Budget with an allotment of Rupees 2,000, but the Superintending Engineer applies for the full amount of the estimate to be made available for expenditure during the current year. The additional sum to be provided, therefore, is Rupees 3,810. The Collector is requested to point out the source from which this amount can be met.

Amount of estimate,.....	RS. 5,810
Allotment in the Budget,.....	2,000
	3,810

5. The Collector is further requested to expedite the submission of the supplemental estimate on account of compensation to be paid for the land required for the road, which, when received, will be duly laid before Government.

No. 113. ORDER THEREON, 7th July 1869, No. 1,942.

Miscellaneous.

THE estimate for the construction of the road from Bellary and Kurnool road to the Asperi Railway Station (6 furlongs and 213½ yards), amounting to Rupees 5,810, is sanctioned. The cost of the Road-dams amounts to Rupees 1,616-14-3.
