No. 383. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 30th June 1869, No. 1,721 :—

AGREEABLY to orders of Government, No. 3,998, dated 22nd December 1868, paragraph 1, I have the honour to forward four plans, two specifications, and estimates, amounting to Rupees 11,280, for making additions and alterations to the late Police Court at Vepery to adapt it for a Lock Hospital, and for erecting temporary Hospital-sheds and Sentry-boxes for the Watching Peons in the compound of this building and of the Popham's Broadway Lock Hospital.

4 Plans.
2 Specifications.
2 Estimates.
G. O., Public Department, No. 1,512, dated 9th December 1868.

Vepery Hospital	Rupees	6,920
Popham's Broadway Hospital ...	,,	4,360
		11,280

2. The plans consist of a design for the Hospital-sheds at each building and for the Sentry-box, as well as alterations to latrine.

3. The estimate for the work required at the Vepery Hospital amounts to Rupees 6,920, and is apportioned as follows:—

		Rs.
1.	Repairing and improving main building	355
2.	Providing sky-lights in do.	285
3.	Repairing and improving Matron's quarters... ...	1,070
4.	Converting stables into a cook-room...	500
5.	Repairing compound wall and out-offices	130
6.	Building a shed	4,490
7.	Sentry-box	90
	Total...	6,920

4. The estimate for the works at the Popham's Broadway Hospital amounts to Rupees 4,360, namely:—

		Rs.
1.	Building a shed	4,230
2.	Do. a Sentry-box	90
3.	Alterations to latrine	40
	Total...	4,360

5. The whole of these works have been set in hand, and most of the alterations to the Hospital and the shed at Vepery have been completed. The Hospital-shed at Popham's Broadway and the Sentry-boxes at both localities are in progress; the former requiring very little more to complete it.

6. In G. O., No. 1,767-A., dated 29th May 1869, funds were allotted for these works as follow:—

	Rs.
Vepery Lock Hospital-shed and alterations	3,900
Popham's Broadway Hospital alterations	600
Do. do. shed	4,400
Total...	8,900

7. As the alterations to the latter Hospital were completed last year, the sum of Rupees 600 now granted can be diverted for the Hospital at Vepery, and the allotment will be found sufficient to complete all the works; for the expenditure at Vepery last year amounted to Rupees 2,707,* leaving a balance of Rupees 4,213 this year to complete; and this sum, added to the estimates† for the Popham's Broadway Hospital to be carried out this year, makes a total of Rupees 8,573.

* Entered as 270 Rupees in the G. O. here quoted.

† Rupees 4,360.

8. All the works have been planned and carried out in communication with the Inspector-General, Indian Medical Department, and several items have been added to increase the total amounts of the approximate estimates; for instance, the Matron's quarters have been improved and altered from time to time since the original and approximate estimate was framed, and mat-screens to the Hospital-sheds, as well as shelter for the Watching Peons at the gates, have been provided for, at Dr. Mackenzie's request. As a few trifling alterations may yet be found necessary, I beg that the balance of the allotment may be retained for the work until its completion.

9. It was found impossible to submit the estimates at an earlier date, as the actual extent of alterations and additions required was not ascertained by the Medical Department, until a very recent inspection of the buildings; and, indeed, an application for an addition of Rupees 40 to the estimate was only made to me this day.

10. The last paragraph of the Government Order was replied to, and the site and cost of a new Hospital will form the subject of a report from the Committee appointed in G. O., Public Department, No. 364, dated 22nd March 1869, of which I am a Member.

CIVIL WORKS, No 52.

THE Government sanction the estimates submitted with this letter for certain additions and improvements to the Lock Hospitals at Vepery and in Black Town, and approve of the Superintending Engineer's proposals for adjusting the outlay on the works during the current year. The total allotment being Rupees 8,900 and the sum required Rupees 8,573, a balance of Rupees 327 will be available to meet the cost of any
