Proposed loan to the Municipality of Madras on account of the Madras Water-supply Project.

READ AGAIN :—

Letter No. 3410, dated 30th October 1868 (with accompaniments), from the Secretary to the Government of Madras, to the Secretary to the Government of India, Public Works Department.—

Public Works Department Resolution No. 7-A.—I., dated 1st February 1869.
Financial Department's Resolution No. 1219, dated 27th February 1869.
Public Works Department Resolution No. 55-A.—I., dated 11th March 1869.

READ ALSO :—

Letter No. 1623, dated 17th May 1869 (with enclosures), from the Secretary to the Government of Madras, to the Secretary to the Government of India, Public Works Department, stating that the Municipality of Madras decline to accept the terms offered in Financial Department's Resolution No. 1219 of the 27th February 1869, and prefer the conditions proposed in the letter from the Secretary to the Government of Madras, No. 3410, dated 30th October 1868.

RESOLUTION.—In compliance with the wishes of the Municipality of Madras, the Governor-General in Council is pleased to sanction a loan of Rupees 12,80,000 to that corporation on account of the Madras Water-supply Project, on the terms originally proposed by the Local Government, viz., at 6 per cent. per annum, 4 per cent. to be considered as interest for the money, and 2 per cent. to be credited to a Sinking Fund in the manner laid down by the Financial Department Resolution above quoted, for the liquidation of the debt, the Municipality being further required to pay 1 rupee per 1,000 cubic yards for the supply of water it may receive from the reservoirs now being constructed at the cost of Government.

2. It is presumed that the Municipality will draw the sums required by them for this purpose from time to time as occasion arises.

3. It has further to be noted that while the Government of Madras, in the letter cited above, proposes this rate of Rupee 1 per 1,000 yards, it would appear from the minutes of their Proceedings forwarded with that letter, that Municipality expect to obtain water from the Government reservoirs at *prime cost*, while a hope is expressed by one of the Commissioners that Government will eventually relieve the Municipality entirely from the payment for water. The Governor-General in Council desires, therefore, that it may be quite clearly understood by all parties concerned that the price to be paid is as stated above Rupee 1 per 1,000 cubic yards supplied. The Municipality has elected to be treated as a customer in respect to the water supplied, and it cannot reasonably hope to enjoy more favourable terms than those granted to the public generally. The Governor-General in Council moreover requests that it may be distinctly pointed out to the Municipality that the free use of water from the Government reservoirs must not be looked for.

C

№ 3410 dated 30th October 1868.

Resolution

In compliance with the wishes of the Municipality of Madras the Governor General in Council is pleased to sanction a loan of Rs 20,000 to that corporation on account of the Madras Water-supply project, on the terms originally proposed by the Local Government, namely, at 6 per cent per annum, 4 per cent to be considered as interest for the money and 2 per cent to be credited to a sinking fund in the manner laid down by the Financial Re-
arrangement Resolution above quoted, for the liquidation of the debt, the Municipality being further required to pay 1/2 per 1,000 cubic yards for the supply of water it may receive from the reservoirs now being constructed at the cost of Government.

2. It is presumed that the Municipality will draw the sums required by them for this purpose from time to time as occasion arises.

3. It was further to be noted that while the Government of Madras in the letter cited above proposes this rate of 0/31 per 1,000 yards, it would appear from the minutes of their proceedings forwarded with that letter, that the Municipality expect to obtain water from the Government reservoirs at prime cost, while a hope is expressed by one of the Commissioners that Government will eventually relieve the Municipality entirely from the payment for water. The Governor General in Council desires therefore that it may be quite clearly understood by all parties concerned that the price to be paid is as stated above, Rs 1 per 1,000 cubic yards supplied. The Municipality has elected to be treated as a Customer in respect to the water supplied

fulfilled and it cannot reasonably be expected to enjoy more favourable terms than those granted to the public generally. The Governor General in Council moreover requests that it may be distinctly pointed out to the Municipality ——"——

——"—— that the free use of water from the Government reservoirs must not be looked for -;

Ordered that this Resolution be communicated to the Government of Madras for information and guidance.

Ordered also that a copy be communicated to the Financial Department for information.
