No. 387. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 9th July 1869, No. 1,930:—

I HAVE the honour to report that a sum of Rupees 375-13-11 now stands in the Stock Account Books of the Executive Engineer, Northern Range, Presidency, as the unrecovered balance of an advance made in 1859 and 1860, by the late Garrison Engineer, Captain Rawlins, to one Mr. Flynn for the purpose of making bricks for the fort works.

2. It appears that Mr. Flynn died some years ago, and the Government Solicitor, in writing to the Executive Engineer in February 1863 on the subject, said: "The Administrator-General of Madras has not any funds at the credit "of the estate of the late Dr. G. W. Flynn, deceased; should any further assets "be realised hereafter, (which I do not anticipate,) I will take care that they are "applied towards the deceased's debt to the Crown."

3. Under these circumstances, and as no recoveries have been made up to date, I request the authority of Government to write the amount off the books of the Range Office.
