Dated 7 2 1870.

Not to be folded or roughly handled

No. 117. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Camp at Pudu Chuttram, 28th January 1870, No. 1,248 :—

With reference to G. O., No. 270, dated 22nd instant, sanctioning an estimate of Rupees 230 for flooring the Laboratory at Trichinopoly with asphalte, I have the honour to inform you that the sum of Rupees 168, which I stated was available for the work from the allotment for "Minor New Works" under Military, has since been transfered to the head of repairs under G. O., No. 174, dated 14th instant. I beg, therefore, that I may be informed whether the work may be undertaken in anticipation of its cost being covered by savings later in the year.

No. 118. Order thereon, 7th February 1870, No. 436.

MILITARY WORKS, No. 2.

The Government observe that, when sanctioning in Proceedings No. 270, of the 22nd January 1870, the appropriation of Rupees 168 from the Minor New Works grant for Military Buildings at Trichinopoly towards the cost of asphalting the floor of the Laboratory at that station, they had no reason to suppose that that sum was included in the amount stated by Captain Oakes in his letter of the 10th January 1870, No. 1,172, to be available from the same grant for appropriation to meet demands under the head of repairs. From his letter now read it appears that Captain Oakes in his letter of the 10th January overlooked his letter of the 23rd December and, as by the appropriation sanctioned in accordance with the recommendation contained in the former the whole of the balance at the disposal of Government under the head Minor New Works "Military" has been appropriated, no funds are available to meet the cost of asphalting the floor of the Laboratory, and that work must necessarily be deferred.
