Proceedings of the Madras Government, Public Works Department, 7th February 1870.

No. 119. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Cuddalore, 2nd February 1870, No. 180:—

With reference to G. O., No. 22, of the 5th January, I have the honour to bring to the notice of Government that the current year's grant for Repairs, "Civil Buildings" in South Arcot, has since the receipt of G. O., No. 3,288, of the 12th October 1869, been reduced by Rupees 2,000, and there are now only Rupees 155 available under the head. The transfer of Rupees 1,000, therein proposed and sanctioned by the Government of India, to supplement the grant for Repairs, "Military" in Bangalore cannot, therefore, be effected.

2. I am unable to point out any source whence the sum of Rupees 1,000 in question can be met. There is a sum of Rupees 574 (not Rupees 763 as reported in my No. 171, of the 8th January 1870,) in Salem, and Rupees 871 in South Arcot under Repairs, "Communications"; but I cannot at present recommend the transfer of these sums to any other head.

No. 120. Order thereon, 7th February 1870, No. 437.

ACCOUNT, No. 17.

The Government observe that the Order of the 5th January 1870, No. 22, simply contained a formal communication of the sanction accorded by the Government of India to re-appropriations of Budget credits which were recommended before the necessity for the reductions subsequently ordered became apparent. All outlay remaining to be adjusted, as well as unavoidable and urgently pressing demands, should be included in the statements which are now due in this office.
