No. 186. Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 31st March 1870, No. 132 —

I HAVE the honour to forward herewith the statements called for by the

Government of India in their resolution of 13th September 1869, No 257-A-R * These statements show that the amount to be transferred to London up to the 31st December 1867 was as per margin. I have, in communication with the Accountant-General, reconciled the figures in the revised statements now

submitted with the figures in the statements published in G. O, No. 3,787, dated the 30th November 1869, and, as the Accountant-General admits the correctness of the explanation which has been placed before him, I have requested that he will advise that the figures quoted by me are the correct amounts which should have been transferred to London. The Accountant-General has expressed his willingness to take this step, and as the sums now quoted agree absolutely with the amounts in the several Railway books carried to the debit of the Secretary of State for India in Council, the desired reconciliation between the two sets of books will have been thoroughly effected.

2. The entries for the half years subsequent to the 31st December 1867 have been made in accordance with the order of Government regarding the preparation of net profit statements, and accord with the Railway books; and as, therefore, in compliance with G. O, No. 1,237, of 15th April 1869, all outstandings of a date prior to 31st December 1867 have been excluded, such outstandings have been, of course, included in the amount to be transferred to London up to 31st December 1867.

3 The statements herewith forwarded are seven in number, and are marked A, B, C, D., E., F., and G. Statements A, B, and C show the adjusted account of traffic earnings, the audited expenditure and liabilities, and the balance remaining to be transferred to London for the South-West and North-West Lines of the Madras Railway and for the Great Southern of India Railway respectively. Statements D, E, and F. show in form of account current the adjustment of the traffic receipts as shown by the Railway books and those of the Accountant-General. Statement G. shows the adjusted account of traffic earnings, the audited expenditure and liabilities, and the balance remaining to be transferred to London for the Indian Tramway Company's line (now the Carnatic Railway) during the years 1868 and 1869, since the guarantee came into operation.

4. The correctness of the entries in these statements having been acknowledged by the Accountant-General and the results agreeing with the Railway books, I have not entered upon a lengthy explanation of the manner in which the results have been arrived at.

RAILWAY, No. 24.

SIR,—With reference to the Proceedings of the Government of India, No. 257-A-R, of the 13th September

1869, I am directed herewith to forward a letter from the Consulting Engineer for Railways, giving cover to the revised statements called for showing the adjusted traffic earnings of the several Railways in this Presidency from the half-year ending 31st December 1856 to that ending 31st December 1869.

2. These statements show that, for the period prior to the receipt of the Financial Resolution of the Government of India of March 1868 in which the procedure to be followed in calculating net profits is laid down, the amounts to be transferred to London to the credit of the Guaranteed Interest Accounts of the several Companies were as follows:—

	RS.	A.	P.
Madras Railway, South-West Line	1,04,49,344	1	9
Do. North-West Line	14,08,605	14	8
Great Southern of India Railway	12,47,950	1	4
while those subsequent to the date of the orders in question were—			
Madras Railway, South-West Line	47,57,911	0	1
Do. North-West Line	19,70,137	8	3
Great Southern of India Railway	7,12,769	4	1
Indian Tramway Company	9,966	0	8

3 It will be observed that the Accountant-General has admitted the correctness of the revised statements, and that the figures in them tally with those in the Railway books

I have the honour to be,

Sir,

Your most obedient servant,

Colonel, R. E.,
Secretary to Government.

The Secretary to Government
Public Works Department
Port Saint George.

I have the honor to forward herewith the statements called for by the Government of India in their Resolution of 13th September 1869, N^o 257. A.R. These statements show that the amount to be transferred to London up to the 31st December 1867 was as put margin. I have, in communication with the Accountant General, reconciled the figures in the annexed

⁺ Tide g. 6 m 3426

Line	Amount	As what date the amount refers
Madison Railway, 1882	104,934 1/2	9 th Decmber 1887

S. J. G. Railway	124,795 1/4	8 th do

revised statements now submitted
with the figures in the statements
published in L. O. No. 3787, dated
the 30th November 1869; and as
the Accountant General admits
the correctness of the explanation
which has been placed before
him, I have requested that he
will advise that the figures
quoted by me are the correct a-
mounts which should have been
transferred to London. The
Accountant General has expressed
his willingness to take this step,
and as the sums now quoted
agree absolutely with the amounts
in the several Railway books -

carried to the debit of the
Secretary of State for India
in Council, the desired. Reconcili-
- ciliation between the two sets
of books will have been
thoroughly effected.

2 The entries for the
half-year subsequent to the
31st December 1867 have been
made in accordance with the
orders of Government regarding
the preparation of net profit
statements, and accord with the
Railway books; and as therefore,
in compliance with L. O. No. 1237,
of 15th April 1869, all outstanding
of

of a date prior to 31st December 1867
have been excluded, such out-
standings have been of course
included in the amount to be
transferred to London up to 31st
December 1867.

3 The statements herewith
forwarded are given in numbers,
and are marked A, B, C, D,
E, F, and G. Statements A, B, and
C, show the adjusted account of
traffic earnings, the audited
expenditure and liabilities, and
the balance remaining to be
transferred to London for the
South-West and North-West
Lines

Lines of the Madras Railway
and for the Great Southern of
India Railway respectively.
Statements D, E, and F, show
in form of account current, the
adjustment of the traffic receipts
as shown by the Railway books
and those of the Accountant
General. Statement G shows
the adjusted account of traffic
earnings, the audited expenditure
and liabilities, and the balance
remaining to be transferred
to London for the Indian
Railway Company's line (now
the Carnatee Railway) during
the

The years 1868 and 1869, since
the guarantee came into opera-
-tion.

4. The correctness of the
entries in these statements
having been acknowledged
by the Accountant General,
and the results agreeing
with the Railway books, I
have not entered upon a lengthy
explanation of the manner in
which the results have been
arrived at.

September 1869. I am
directed herewith to forward
a letter from the Consulting

Engineer for Railways...
giving cover to the
revised statements called
for, showing the adjusted
traffic earnings of the
several Railways in this
Presidency from the half
year ending 31st Decr/88
to that ending 31st Decr/89.

These statements
show that for the period
prior to the receipt of the
Financial Resolutions of
the Govt of India of March
1868, in which the procedure
to be followed in calcu-
lating net profits is laid
down, the amounts to be
transferred to London to
the credit of the guaranteed

Interest accounts of the
several Companies were as
follows:-

Madras Railway S.W. Line	104,49,344-1-9	as a
do do N.W. Line	14,08,605-14-8	as a
G. S. of S. Railway	12,47,900-1-4	do
while those subsequent to the date of the orders in question were

It will be ob-
served that the Accountant
General has admitted the
correctness of the revised
statements, & that the
figures in them tally
with those in the Rail-
way Books.
