*Proceedings of the Madras Government, Public Works Department,
12th April 1870.*

No. 191. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 29th March 1870, No. 1,483.—

I HAVE the honour to inform you that on the completion of the room lately built in front of the treasury at Tanjore on the estimate of Rupees 2,960, sanctioned in

One plan One estimate, Rs 120. Government Order, No. 986, dated 23rd March 1869, the Deputy Collector now in charge of the treasury informed me that the talook remittances could not be counted in the treasury room lately built, while disbursements were being made from that room, and that the remittances from the talooks must still be counted in the verandah B. B. B., and to render this secure palisading was required as indicated by dotted blue lines, and a gate or door at the entrance C., and a small window 2' x 2½' at A. to admit of the Cashier keeping his eye on the people counting the remittances in the verandah, while he is superintending the disbursements in the new room; there is no doubt that the provision of the palisading now asked for will afford security from a rush into the verandah. I pointed out to the Acting Collector that the new room in its present form was designed only after much correspondence and personal communication with the late Treasury Deputy Collector, who was of opinion that the room as designed was all that was required both as regards space and security, but that he apparently did not contemplate the counting of the remittances from the talooks in the verandah B. B. B.

2. The Collector having countersigned and returned the estimate, I forward it for sanction, as it exceeds Rupees 100; provision may be made for the work from the allotment of Rupees 1,500 for Minor New Works under "Civil Buildings" in the Budget of 1870-71.

No. 192.

ORDER THEREON, 12th April 1870, No. 1,016.

CIVIL WORKS, No. 16.

THE estimate of Rupees 120 for certain additions to the Tanjore Treasury is sanctioned, the charge being

debited to the source indicated in paragraph 2.
