G.O. No. 1044

Press  
Mis.

Dated 21-4

1870

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,  
21st April 1870*

No. 246. Read the following letter from the Superintending Engineer in charge of 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 11th April 1870, No. 191.—

WITH reference to paragraph 17 of G O, No 813, dated 18th March 1870, I have the honour to request that I may be permitted to authorize Mr. Lowry to re-build the revetment of the bund as well as the sluices of the Chembrumbaukum Tank, Madras District.

2. On my late visit to the work I found that a great portion of the bund at one end had been laid bare, and the Assistant Engineer requires to re-place the stone and to carry it up to a safe height with new material on a proper slope.

3. An estimate for this work and for re-building the sluices will be sent for sanction very shortly.

No. 247. ORDER THEREON, 21st April 1870, No. 1,044.

IRRIGATION, No. 15.

THE Government approve of the revetment of the Chembrumbaukum Tank and the irrigation sluices being gone on with in anticipation of the sanction of the revised estimates. The expenditure will be met from the ordinary grant under Agricultural.

2. The Superintending Engineer should at once submit a statement of the expenditure which will be necessary to render the tank secure, and this should be followed as early as possible by information as to the further expenditure required to improve the supply of the tank by the Coratoor Anicut and new Bungairoo.

3. The estimates for completing the tank on the original scale and for increasing its capacity by raising the water-level six feet only will, the Government hope, be submitted very shortly.

(True Extract.)

(Signed) J. MULLINS, Major, R.E.,

*Acting Joint-Secretary to Government.*

To the Superintending Engineer, 4th Division:  
" Controller of Public Works Accounts.  
" Chief Engineer for Irrigation.

From

Lieutenant Colonel J. Dean R.E.  
Superintending Engineer in charge  
4th Division

To

Colonel C. & F. Orr R.E.  
Secretary to Government M.D.

Sir,

With reference to paragraph 17  
of G.O. No 813 dated 18th March 1870,  
I have the honor to request that I may  
be permitted to authorize Mr. Lowry to  
rebuild the revetment of the bund, as well  
as the sluices of the Chemburam Tank  
Madras District.

2. On my late visit to the work,  
I found that a great portion of the  
bund at one end had been laid bare,  
and

and the Assistant Engineer requires to replace the stone and to carry it up to a safe height with new material on a proper slope.

3. An estimate for this work and for rebuilding the sluices will be sent for sanction very shortly.

I have the honor to be  
Sir

Your Most Obedient Servant.

P.W. Department  
No. 1044 of 11<sup>th</sup> April 1871  
Proceedings of the Madras Government

Under date the 21<sup>st</sup> April 1871

Read the following

From The Superintending  
Engineer in ch. &c &c  
H. E. No 191 of 11<sup>th</sup> April 1871

The Government  
approve of the revetment  
of the Chembambakum  
Tank, and the irrigation  
sluices, being gone on  
with in anticipation of  
the sanction of the revised  
estimates. The expenditure  
will be met from the  
ordinary grant under  
Agricultural.

The Supy Engr should  
at once submit a state-  
ment of the expenditure  
which will be necessary

to under the Tank ~~and~~  
and this should be  
followed as early as  
possible by information  
as to the further ex-

penditure required to  
improve the supply of  
the Tank by the Coraton  
Ancient and new Bur  
ingapore.

The estimates for  
completing the Tank on  
the original scale, with  
for increasing its capacity  
by raising the water level  
6 feet only, will, the Govt  
hope be submitted very  
shortly -
