254-255	~~Mis.~~
Dated 21- 21.	18 70.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
21st April 1870.*

No. 254 Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 5th April 1870, No. 146 —

I HAVE the honour to bring to the notice of Government that the provision of Rupees 15* per mensem under the head of "Office expenses and Contingencies" in the Budget Estimates has been lately proved to be wholly insufficient for the wants of this office. The great increase in necessary communications by telegraph, arising from the emergent calls for information made by the Government of India and the Accountant-General, Public Works Department, and on account of telegrams to the Agents, and the large charges for book-binding, printing,† and other contingencies, which have all greatly increased during the last few years, induce me to request sanction for the augmentation of the provision made in the Budget Estimate of 1870-71, from Rupees 15 to Rupees 50 per mensem.

* Rupees 180 per annum

† Headings of letters, etc., which was formerly done in the Government Press, but now in Private Presses, as the Superintendent refuses to take the work

2. The increased expenditure can be met from the Budget allotment under the head of "Travelling allowances of Consulting Engineer, Deputy Consulting Engineer, and Examiner of Railway Accounts," which is entered at Rupees 350 per mensem or Rupees 4,200 per annum, but on account of which the expenditure during the year 1869-70 amounted only to Rupees 1,960.

No. 255. ORDER THEREON, 21st April 1870, No. 1,048

RAILWAY, No. 33.

UNDER the circumstances explained in this letter the Government sanction the amount for the Office contingencies of the Consulting Engineer for Railways being increased from Rupees 15 to Rupees 50 per mensem, the charge during the current official year being met in the manner proposed in paragraph 2.
