No. 20. Read the following Proceedings of the Board of Revenue, dated 16th December 1870 :—

Read the following letter from the Acting Collector of Trichinopoly, to the Acting Secretary to the Board of Revenue, dated 5th December 1870, No. 276.

With reference to the papers marginally noted, I have the honour to report that T. Kristna Row, Deputy-Collector

to certain lands settled by him when Inam Deputy-Collector in 1864.

2. On consulting with T. Kristna Row, and believing that it is the intention of the Board to place him and the special *establishment* with which he is to be provided on a somewhat similar footing to that with which he was furnished when in the Inam Commission, I have the honour to submit, for the early sanction of the Board and Government, an estimate of the probable expenditure to be incurred in consequence of his deputation on the special work, amounting to Rs. 1,800.

3. While sharing with the Board in the hope that the work will be done by Kristna Row both speedily and satisfactorily, while fully alive to rendering the most active co-operation and assistance from my Tahsildars, I am far from being sanguine that the whole work can be satisfactorily completed *within* the time mentioned by the Board, viz., three months. The Inams are spread over five taluqs, in each of which he will have for a time to station himself. It has also been found that fresh Registers will have to be prepared for each village both in the Vernacular and in English in the forms furnished by the Board, as the old Registers left by the officers of the Inam Commission are found to be nearly useless, owing to the survey assessments having been given therein at certain rates at one time as proposed by the Settlement Department, which rates, however, are found to be greatly at variance with the sanctioned rates as recorded in the survey Registers. The additional work of having all the Title-deeds prepared and distributed will also devolve on him. It can, I think, therefore hardly be expected that each taluq can be finished in less than a month, and allowing for the time necessarily occupied in preliminaries and for holidays, I fear that the services of the Deputy-Collector and his establishment will be required till the end of May next. I feel assured, however, that T. Kristna Row will spare no exertions on his part to have the whole of the special work now entrusted to him brought to as speedy a termination as possible.

4. The Board will observe that the proposed special establishment consists of four Clerks; at first I intended to spare one or two hands from my own Office to serve under the Special Deputy-Collector, but I find I cannot do so without inconvenience to other work, and besides it is but natural that T. Kristna Row should like himself to secure the co-operation and services of those who formerly served under him in the Inam Department, and who must, therefore, necessarily be far better acquainted with the Inam Department and the nature of the work than

*Proceedings of the Madras Government, Revenue Department,
4th January 1871.*

any new hands can be. I have, therefore, directed him, in anticipation of the Board's approval, to secure the service of his old Clerks.

5. The provision for two Peons on 6 Rs. each and a Masalchee on 4 Rs. requires no remark.

6. T. Kristna Row was allowed, when on out-door work in the Inam Commission, ten extra Peons for summoning and serving Notices on the Inamdars and others, and for keeping them in attendance; but as the class of the Inamdars he has now to deal with are mostly residents in the villages, I have reduced their number to six, allowing them a pay of 6 Rs. each.

7. Under the Inam Commission Rules sanctioned by Government, the Deputy-Collector was entitled to a permanent batta of 3 Rs. per diem, and his Clerks to one-third of their pay, the two Peons and Masalchee to a fixed batta of 1 Anna per day. The extra Peons, however, were entitled to no batta. Mileage was allowed at 4 Annas per mile to the Deputy-Collector and at 2 Annas per mile to his Clerks while moving by land. First and third-class fares were also allowed to the Deputy-Collector and his establishment, respectively, when travelling by railway. The estimate provides for all these allowances so far as they can be now calculated, with reference to the probable movements in his Office.

8. No provision has been made in the estimate for the Deputy-Collector's salary, as he draws the salary of his substantive appointment as Deputy-Collector of the Northern Division of Coimbatore, and as his place as such is filled by Mr. C. A. Bird, the Assistant Collector of that district, without extra expense to the State.

9. I take this opportunity of requesting that one of the office seals of the late Deputy-Collector of the Inam Commission and eight badges of the Inam Peons, and printed forms of salary, batta, and contingent bills, in sets of eight each, may be furnished to T. Kristna Row for his use.

10. I beg also further to request that a communication may be made to Government, in view to the Superintendent of the Government Gazette Press being instructed to furnish T. Kristna Row with a copy of the *Fort Saint George Gazette* till he remains in this district on the special duty.

In this communication Mr. Cadell furnishes the report called for in paragraph 6 of Board's Proceedings, dated 8th October 1870, No. 6,032, on the temporary establishment required for Deputy-Collector T. Kristna Row, now specially employed in enfranchising the Village Service Inams of Trichinopoly.

2. The proposed establishment is of the strength noted in the margin, costing Rupees 119-8-0 per mensem, or Rs. 717 for the six months for which the Collector thinks it will be required. The Collector calculates the other contingent charges, including travelling allowance of the Deputy-Collector at Rs. 1,083. In all Rs. 1,800 is the probable expenditure on account of this special work as estimated by the Collector.

3. In paragraph 3 Mr. Cadell gives the reasons why the work cannot be done within the period of three months mentioned by the Board. If the preliminary Tamil Registers, printed forms of which were furnished to the Collector in the beginning of 1870.

Note.—The English forms of Register were despatched in October 1870. have been prepared by the Tahsildars, and are ready for use by the Deputy-Collector as they ought to be, the Board see no reason why the work of registering the holders and settling the quit-rents on the basis of those Registers, should occupy an officer familiar with the work six months.

4. The Board consider that the establishment proposed for the Deputy-Collector is very moderate and might with advantage be improved by slightly raising the salaries of the first two Clerks as shown in the margin.

5. They also consider that sufficient provision has not been made in this

scale of establishment for the rapid preparation of Title-deeds, although the subject is alluded to in paragraph 3 of the Collector's letter; as this is an important part of the Deputy-Collector's work, and will require accuracy and

neatness in its execution, a special establishment of the strength indicated in the margin, will probably be found necessary for this work alone.

6. This establishment need not travel with the Deputy-Collector from taluq to taluq, but may be left at head-quarters, and their work frequently inspected by the Deputy-Collector. The English Registers of each taluq or portions of a taluq, as they are finished, should be forwarded to them for the preparation of Title-deeds, Registers, and Tamil quit-rent books. In this way the Deputy-Collector ought to be able to send up to the Inam Commissioner the finished Registers and Title-deeds of one taluq, while he is engaged with a second, and this sub-division of work will much reduce the time which it has been estimated the whole work will take up.

Paragraph 4, Rs. 127 × 4 months	508
" 5, " 150 × 4 "	600

7. The Board accordingly recommend that the establishments specified in paragraphs 4 and 5 be sanctioned for a period of four months.

They also recommend that Kristna Row be authorized to draw a batta of Rs. 3 per diem, in addition to a mileage of 4 Annas for distances actually travelled while employed on this special duty.

No special rates of batta or travelling allowance can be sanctioned for his establishment, who will, of course, draw the usual batta allowed to servants of their grade in the Revenue Establishments of the district.

The charges of all description incurred on account of this special work will be passed in the usual course under the audit of the Board, and eventually adjusted

from savings in the Revenue Budget. It is not likely that they will much exceed Rs. 2,000 on the whole.

The Board are informed that there are no seals to spare in the Office of the Inam Commission except Peon's badges. Forms of salary bills, etc., will be sent as requested from that Office.

With reference to paragraph 10 of the Collector's letter, the Board request that the Superintendent of the Gazette Press may be directed to furnish Kristna Row with a copy of the Gazette, while the latter is employed on special duty.

The Board would impress upon the Collector and T. Kristna Row the importance of the enfranchisement being completed and the Title-deeds issued to the holders within the current Fasli. If this is not done, the assets of the current year for the payment of the village servants under the new scheme will be diminished by the estimated amount of quit-rent, namely, Rs. 9,500.

Land Revenue.

THE Board's proposals involving a total charge for the temporary establishment for four months of Rs. 1,108 are sanctioned. —

2. The proposed rate of batta and mileage for the Deputy-Collector on special duty are also sanctioned for a period of four months, in the expectation that he will use his best endeavours to complete the work in that time.

3. The Government see no necessity to furnish the Deputy-Collector with the *Fort Saint George Gazette* while on duty.

4. The Government wish to be informed what has become of the seals originally furnished to the Deputy-Collectors in the Inam Department. They should be carefully re-called by the Commissioner, and so defaced as to preclude their employment for any improper purpose, if this has not already been done.
