Proceedings of the Madras Government, Revenue Department,
31*st August* 1870.

Read the following telegrams:—

No. 473. From the Government of India, dated 25th August 1870.

"ANY revision of Income-tax assessment, except under the circumstances provided for in Section 37 of the Act : illegal."

To the Government of India, dated 26th August 1870, No. 27.

"THE Madras Chamber of Commerce request that merchants engaged in the European trade may be permitted to send in amended Returns of income, on the ground that the War has already had a disastrous effect on markets and prices. The Board of Revenue support this request, and the Collector of Sea Customs reports that trade with Europe is at a standstill. This Government concur with Board, and request the early orders of the Government of India. Pending their issue, the Collector of Income-tax for the Town of Madras has been authorized by the Board of Revenue to suspend further action under the Act in regard to incomes derived from trade with Europe."

No. 474. From the Government of India, dated 30th August 1870.

"YOUR message of 26th, about revision of Income-tax assessment, laid before Government of India. It is presumed that upon receipt of my message of the 25th proceedings under the Act were resumed; the Government of India cannot sanction any relaxation of the Law."

No. 475. ORDER THEREON, 31st August 1870, No. 1,366.

Miscellaneous.

RESOLVED that the foregoing telegrams be communicated to the Board of Revenue, who will be good enough to instruct the Collector of Madras to resume operations under the Income-tax Act, and to conduct them in strict accordance with the Law.

Telegram from the first of Indian circulated in India.

On Friday last a telegram was received from the first of Indian presenting intimation any revision of assessment under the Income Tax Act was illegal except in the case of death or insolvency.

On the same day a long telegram was despatched explaining that owing to the effect of the war upon European trade, the returns of income derived from such trade were no longer correct, and requesting the sanction of the Chamber of Commerce and the recommendation of the Board of Revenue, that assess

The tone & tenor of the Telegrams from the Supreme Govt. seem us, I think, no option but to inform the Board that the assessment of the Income Tax must be returned & conducted in strict accordance with the Law, any relaxation of which the Supreme Govt refuse to permit.

The result, I fancy, will be that those firms which don't in their returns honestly will be heavily taxed - while those which delayed will be let off lightly! but the we cannot help. Our first:

Income-tax.—Telegram from Government of India declaring no exemption any relaxation of the law in regard to revision of assessment, communicated to Board of Revenue, with orders thereon.

made on such returns might be revised. It was added that pending the receipt of orders from the Govt of India, the Collr of Income Tax had been directed to stay action under the act in regard to this class of incomes.

The Govt of India in reply invert to their former telegram, presuming on receipt of it that action under the Income Tax Act has been resumed, and declining to sanction any relaxation of the Law.

It is submitted that though the Law may not admit of a revision of the assessments in question, it is quite consistent with the Govt to remit

Should I thus R, give the Telegram in reply to and just to remit of a statement of the case as will be shown that we comprehended the position of the mercantile community - without knowing anything to which he has to be that we cannot be civil - or that will work as if disjoined ad infra.

I suggest this case return to the question of remission hereafter. J.P.

any portion of the tax thus assessed, and that to insist on the full collection of a tax assessed on a notoriously incorrect return of income would place the Govt in a most objectionable position with the public.

It is submitted that either a further remonstrance be addressed by telegraph to the Govt of India asking authority to remit collections in the cases under consideration, or that the Collector of Income Tax be directed to proceed with the assessment and collection of the tax, as required by the law, but to inform the persons interested that a strong representation will be

made by this Govt to the
Govt of India requesting
permission to make a refund
of tax, at the end of the
year, in all cases in which
it can be shown that the actual
profits during the year ~~are~~ have been
~~been~~ below the return of
income on which the tax
was assessed.
