Proceedings of the Madras Government, Revenue Department, 7th September 1870.

No. 86. Read the following letter from the Government Quinologist, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Ootacamund, 19th August 1870:—

In reply to G. O., No. 1,230, of August 11th, 1870, I have the honour to state that I will gladly make an analysis of specimens of bark from the plantations of the Bababooden Hills on receipt of the same. The specimens, in order to eliminate the influence of the characteristics of individuals, should be taken from several trees.

2. As far as I am at present aware, I could manage to visit the Bababooden Hills some time next month, provided I could choose the time according to the exigencies of work here.
