*Proceedings of the Madras Government, Public Works Department,
27th July 1870.*

No. 418. Read the following letter from Major R. B. KENNEDY, Special Executive Engineer, Wynaad, to the Secretary to Government, Public Works Department, dated Luckadie, Wynaad, 6th July 1870, No. 469.—

I BEG to forward copy of a letter* from the Deputy Collector of Wynaad regarding the quarters in occupation by the Apothecary in charge of Goodaloor Dispensary.

* No. 192, dated 4th June 1870

2. I do not feel quite clear as to the source from which such repair should be disbursed, and shall be obliged by being informed whether I am at liberty to include it under the head of "Repairs to Civil Buildings," for which there is an allotment in the Budget of Rupees 500 for the South-East Wynaad Range

3. The building is constructed entirely of brick-in-mud, and timber of roof is only calculated for a light covering such as thatch.

4. I would beg to observe that until receipt of the Deputy Collector's letter I was unaware of the circumstances of the house not being inhabitable and had received no application regarding its repair.

From the Deputy Collector of Wynaad, to the Special Executive Engineer, Wynaad, dated Manantoddy, 4th June 1870, No. 192.

WHEN at Goodaloor the other day I observed that the Subordinate Medical Officer in charge of the dispensary at that place was living in one of the wards at the hospital, and he informed me that he was obliged to do so, the house attached to the hospital for his use being uninhabitable, that the Public Works Department had declined to thatch the place, that there were no hospital funds available, and, being a man with a large family, it was impossible he could live in the building in its present state. I have the honour to bring this to your notice with the view to save the building if possible. I do not know with whom the responsibility of keeping the place in repair may rest, but am certain the place will come down if not looked after.
