Proceedings of the Madras Government, Revenue Department,
19th November 1870.

No. 267. *Dated* 19*th November* 1870, *No.* 1,808.

Read again Proceedings of the Board of Revenue, dated 1st February 1870, No. 708, and recorded in G. O., 23rd April 1870, No. 561.

Miscellaneous.

THE revised design for the Head Assistant Collector's Cutcherry at Arconum, prepared by the Consulting Architect to Government, has been approved in an Order of this day's date, and the same plan should be adopted for the similar building at Mayaveram. The Court-room (16×16), according to the plan submitted by the Superintending Engineer of the 6th Division, is small, and the accommodation for the Clerks is very limited. Mr. Chisholm will be requested, through the Public Works Department, to prepare the necessary detailed drawings and estimate for this building, as well as for those at Arconum and Gudiattum.

2. The jail accommodation provided in the Superintending Engineer's plan is not suitable, unless the two rooms are intended merely for the reception, during the day, of prisoners before the Court. The Magistrate will be requested to furnish an explanation on the subject, and, if a regular Subsidiary Jail is what is required, to place himself in communication with the Superintending Engineer of the 4th Division, and procure copies of the plans of the similar building at Arconum, approved by Government in their Judicial Order, dated 14th July 1869, No. 1,141.

(True Extract.)

(Signed) W. HUDLESTON,
Secretary to Government.

To the Board of Revenue.
