No 4. Read the following letter from the Acting Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Camp at Erode, 15th July 1870, No. 72 —

With reference to G. O., No. 10, of the 2nd instant, communicating Proceedings in the Judicial Department sanctioning the plans and estimates, submitted by the Inspector-General, for additions and alterations required in the Central Jail at Salem, I have the honour to state that the outlay incurred on the iron palisading in front of hospital and on wooden gates for women's compartments and for hospital, was shown in the Range Accounts for 1869-70, and grants were made for its adjustment in G. O., No. 4,008, dated 24th December 1869.

2. I take the opportunity to bring to the notice of Government that detailed plans only for the last seven works* (that

- 1 • 1 Debtors' Wards
- 2 2 Wards for females under trial and female debtors
- 3 3 Matron's Quarters
- 4 4 Conversion of central tower into an office and store-rooms.
- 5 5 Quarantine Wards
- 6 6 Altering gates, constructing new enclosure walls, etc., etc
- 7 7 Quarters for Deputy Jailor.

is, from Debtors' wards to Deputy Jailor's quarters) enumerated in the beginning of paragraph 1 of the Inspector-General's letter recorded in the G. O., were forwarded for that officer's approval and suggestions, with letter, No. 174, of the 2nd February 1870, from this Office,

agreeably to G. O., No. 770, of the 10th March 1869. Colonel Wilson was also informed, at the same time, that estimates to the amounts specified in his letter had been received from the Range Officer for the seven works, but that they could not be forwarded to him until he had intimated his approval of the plans, and also because some of the estimates required alterations. As these plans were never received back in this office, the required estimates and specifications were not laid before Government, and the G. O. under reference appears to have been passed on the report of the Inspector-General, accompanied by the plans

3. Colonel Wilson, in his letter of the 25th March 1870, No. 2,598, intimated his intention to submit to Government at one and the same time all the proposals connected with the Jail in question, in order that the execution of the several works might be sanctioned in the order of their importance. Had the plans been returned, as requested, with his suggestions upon them, the requisite revised estimates, etc., would have been prepared in this office.

4. As, however, there is no chance of funds being granted during the current year for the execution of any of the works now sanctioned, I request the Government will be pleased to return to me all the plans which were submitted by the Inspector-General unaccompanied by estimates, etc., in order that they may be revised and estimates prepared, in accordance with the suggestions of that officer and as sanctioned by Government

Captain R. A. Roberts, M.E.,

Ag. Superintg. Engineer, 5th Div.

To, Colonel Charles A. Cox, M.E.,

Secretary of Government,

Public Works Department

Sir,

With reference to G. O. 1010 of the 2^d instant, communicating Proceedings in the Judicial Department, sanctioning the Plans and Estimates submitted by the Inspector General, for additions and alterations required in the Central Jail, at Salem, I have the honor to state that the outlay incurred on the Iron palisading in front of Hospital, and on wooden gates for divisions, compartments, and for Hospital, were shown in the Hong Kong accounts for 1869, and grants were made for its adjustment in G. O. 101008 dated 24th December 1869.

2. I take the opportunity to bring to the notice of Government that detailed

plans only for the last ^{*}works [that is, from Debtors' wards to Deputy Jailor's Quarters] enumerated in the beginning of para. one of the Inspector General's letter recorded in the G.O., were forwarded for that officer's approval and suggestions, with letter No. 1171 of the 2nd February 1870, from this office, agreeably to G.O. No. 770 of the 10th March 1869. Colonel Wilson was also informed, at the same time, that estimates to the amounts specified in his letter had been received from the Range Officer for the works, but that they could not be forwarded to him, until he had intimated his approval of the plans, and also because some of the estimates required alterations. - As these plans were never received back in this office, the required estimates and Specifications were not laid before Government, and the G.O. under reference appears to have been passed on the report of the Inspector General accompanied by the plans. -

3. Colonel Wilson in his letter of the 25th March 1870, No. 2548, intimated his intention to submit to Government ^{and the same} at one time all the proposals connected

with the jail in question, in order that the execution of the several works might be sanctioned in the order of their importance. Had the plans been returned, as requested, with his suggestions upon them the requisite revised estimates, &c., would have been prepared in this office. -

4. As, however, there is no chance of funds being granted during the current year for the execution of any of the works now sanctioned, I request the Government will be pleased to return to me all the plans which were submitted by the Inspector General unaccompanied by estimates, &c., in order that they may be revised and estimates prepared, in accordance with the suggestions of that officer, as sanctioned by Government. -

I have the honor, Sir,

Your most obedient servant

Wm. A. Roberts Esq. Captain R.E.,
Ag. Superintending Engineer.

1. Debtors' wards
2. Wards for Females under trial and female debtors
3. Matrim's Quarters.
4. Conversion of Central Tower into an office & Store-room
