Major R. P. Minnie
Special Executive Engineer
of Wynad.

Sir,

It is with much regret that I have to report the death of a cooly on the Peruvu Grant who died on the 11th inst. The deceased named Show. was engaged on the 9th inst. with some others in removing the trunk of a large tree from off the road. In doing this the deceased was in the act of using a stout sapling as a lever of the kind and while bearing with his whole weight on the end of the lever, owing to every thing being wet, slipped and striking downwards in the head caused his instantaneous death. I had the casualty at once reported to the Police and also to the Deputy Collector in charge of Wynad.

The deceased has a mother and four sisters (two unmarried) and to be dependent on him.

I have the honor to be,
Signed J. H. Gaster
Sub Engineer in
charge of North W. Range
