*Proceedings of the Madras Government, Public Works Department,
9th August 1870.*

No. 143. Read the following letter from the Officiating Quarter-master General, to the Secretary to Government, Military Department, dated Head-quarters, Ootacamund, 27th July 1870, No. 494 :—

THE building rented under Order of Government, No. 4,893, dated 14th October 1847, at Rupees 30 per month, as Medical Stores at Vizagapatam, being now reported to be unfit for the purpose, and there being no other suitable building at that station available for hire, I have the honour by order to state that the Officer Commanding Northern Districts has suggested that a portion of the European Infantry Company Barracks at Vizagapatam be altered to accommodate the Medical Stores as shown in the accompanying rough sketch, at a probable cost of Rupees 450.

2. As the proposed arrangement will effect a saving to Government in the hire of the building, His Excellency the Commander-in-Chief recommends that the Department Public Works may be instructed to cause the necessary alterations to be carried out as soon as possible.

3. The letter received from the Officer Commanding Northern Districts is enclosed for perusal.

From the Officer Commanding Northern Districts, to the Quarter-master General, Fort St. George, dated Waltair, 9th July 1870, No. 87.

I HAVE the honour to bring to your notice that previous to your sanction for hiring Mr. Nursinga Row's house as Medical Store was received, he withdrew his offer, having been offered a higher rent for it. It therefore became necessary to look for another building.

2. No other private house being available, and the Deputy Inspector-General of Hospitals having suggested the ground floor of the European Infantry Veteran Barracks, I have the honour to submit a rough sketch showing the proposed alterations, and trust that His Excellency will approve of the same being carried out at once.

3. The upper part of the building is used as a school-room; this I propose to leave untouched. The lower portion being only occupied by the guard of the European Infantry Veteran Company, consisting of a Corporal and six men, can without inconvenience be easily altered as proposed. The racks for 40 stand of arms can also be erected in the small portion pointed out in the plan.

4. The Medical Officer has seen and approved of the proposed alterations.

No. 275.

REFERRED to the Inspector-General, Indian Medical Department, with a request that he will be good enough to state whether the Medical Stores at Vizagapatam are still to be maintained.
