Proceedings of the Madras Government, Revenue Department, 3rd December 1870.

No. 56. Read the following Proceedings of the Madras Government in the Public Works Department:—

Read the following letter from the Officiating Secretary to the Government of India, Public Works Department, Account—(Irrigation,) to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 23rd November 1870, No. 171 A.I.

THE Accountant-General, Public Works Department, having laid before the Government of India the statement of objectionable items, for August last, of the 4th Presidency Division, from which it appears that expenditure is being incurred on the Madras Water Supply Project, the revised estimate for which, though repeatedly called for, has not yet been submitted. I am directed to state that, unless the estimate is sent forward before the 1st January 1871 for the orders of the Government of India, the Governor-General in Council will be compelled to withdraw the sanction previously given to the work being classified as "Extra-ordinary," and thus render it necessary for the Government of Madras to provide for the continuance of the project in question from the ordinary grant.

ORDER THEREON, 1st December 1870.

COMMUNICATED to the Revenue Department in continuation of G. O., dated 10th November 1870, No. 2,697, and of the Orders in that department, dated 28th November 1870, No. 1,872.

2. It will be observed that the Government of India intimate their intention to withhold their sanction to the Madras Water Supply Project being classed as "Extraordinary," unless the revised estimate for that project be submitted before the 1st proximo, which it cannot be, unless the requisite information of the increased revenue likely to be derived be furnished to this department at an early date.

Secretary to Government, P. W.D.

No. 57. ORDER THEREON, 3rd December 1870, No. 1,917.

COMMUNICATED to the Board of Revenue, with the request that they will, with all possible expedition, submit to Government the report of the Director of Revenue Settlement on the estimated revenue returns from the works, which, it is understood, is being printed for their consideration.
