*Proceedings of the Madras Government, Public Works Department,
12th August 1870.*

No. 191. Read the following letter from the Acting Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Sooramungalum, 1st August 1870, No. 81 :—

THE construction of an anicut across the Swathanuddy near Vellayoor and a channel in the Ahtoor Talook in Salem that remained incomplete on the 31st March last was, I regret to state omitted, by an oversight in my office, from the list of incomplete works submitted with my letter, No. 22, dated 14th April 1870, and the omission was not detected until the Range Officer made a reference on the subject. I have now, therefore, the honour to request that the Government will be pleased to grant from the Reserve under "Agricultural" the unexpended balance of Rupees 4,561, from the estimate of Rupees 8,650, sanctioned in G. O., No. 3,587, of 5th December 1863, for the work.

2. Up to 1868-69 Rupees 3,690 were spent on the work, and, in 1869-70, Rupees 4,960 were granted for it, but of this sum only Rupees 398-14-4 were spent, as the greater portion of the grant was transferred to other works, and, moreover, operations upon the work were suspended under G. O., No. 4,015, dated 29th December 1869.

3. It is very desirable that the foundations and as much of the superstructure as possible should be completed before the freshes come down the river, and I therefore request the early sanction of the amount now applied for.
