Dated 13-2	1870.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
13th August 1870.*

No. 203. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 15th July 1870, No. 1,653 :—

I HAVE the honour to enclose an estimate, amounting to Rupees 76,190, for carrying out the numerous additions to the buildings and improvements to the ground at Locock's Gardens, Madras, for the new Lunatic Asylum, together with

ten plans showing the position of the additional works and the buildings now proposed to be, and already erected.

2. The works are entered in the estimate in abstract under different headings, and may be enumerated as follows for easy reference hereafter when I refer to the orders sanctioning them :—

	RS.
No. 1.—General cook-room	3,200
„ 2.—Duff's cooking-range for do.	250
„ 3.—Meat chopping bench for do.... ...	30
„ 4.—Constructing foot-bridges across drains ...	92
„ 5.— Do. culvert at back of Superintendent's quarters	42
„ 6.—Painting dirty patients' rooms	150
„ 7.—General latrine	2,000
„ 8.—Female cook-rooms	1,140
„ 9.—Two Duff's cooking-ranges	360
„ 10.—Female cook-room converted into a store room	490
„ 11.—Twenty-four night privies	4,440
„ 12.—Wooden paling round Superintendent's quarters	3,300
„ 13.—Bath-room for the hospital	1,170
„ 14.—Calingulah at the tank	170
„ 15.—Asphalting twenty-four cottages, hospital, six bungalows, seven blocks of buildings, four workshops, and out-offices	8,300
„ 16.—Making roads and side channels	2,330
„ 17.—Constructing a culvert	170
„ 18.— Do. a syphon sluice	150
„ 19.—Additional cook-room for hospital	380
„ 20.—Sinking a well and building platforms... ..	870
„ 21.—Constructing two bathing platforms and cisterns	360
„ 22.—Alterations in the criminal ward	20
„ 23.—Three solitary cells for Europeans or East Indians, three do. for females, and nine do. for males	17,000
„ 24.—Additional room for Apothecary	2,560
„ 25.—Stable and coach-house for do.	810

	670
	77,670
Deduct value of granite flooring...	1,480
Total...	76,190

3. *Items Nos. 1, 2, and 3.*—A general cook-room and range were proposed in the Superintendent's letter to the Executive Engineer, dated 10th July 1868, embodied in G. O., No. 3,311, dated 20th October 1868. The building has been approved by the Medical authorities at the Asylum.

Items Nos. 4, 5, 14, 16, 17, 18, and 26.—Constructing certain culverts, foot-bridges, and re-gravelling a portion of the roads, were entered by the Executive Engineer in the estimate in order to provide easy access through the gardens from one point to another, and to allow of the proper discharge of the monsoon rains. Three items, 16, 17 and 18, are for a new road from the toll bar to the Superintendent's house. It was also decided that a road was to be constructed east and west, with branches from it not in the original estimate. In consequence also of new buildings having to be erected, gravel roads round them and to them have to be laid, which will account for the increase under this item.

Item No. 6.—The painting of the dirty patients' room was proposed by the Superintendent in the letter quoted above to the Executive Engineer, and entered in G. O. of the 20th October 1868, sanctioning the estimates.

Items Nos. 7 and 8.—A general latrine and cook-rooms for the female criminal enclosure were recommended in the same letter embodied in the above order.

Items Nos. 9 and 10.—Cooking-ranges and the conversion of the female cook-room were called for by the Medical authorities, the former for the hospital and female cook-rooms, and the latter to provide a store room for the females, another cook-room for their use having been built.

Item No. 11.—Twenty-four night privies for the cottages were referred to and asked for in the Sanitary Commissioner's letter, No. 889, dated 21st August 1868, and sanctioned and approved in G. O., No. 2,913, dated 14th September 1868.

Item No. 12.—The palings round the Superintendent's quarters were fixed on your verbal orders to Captain Goddard, R.E., the Executive Engineer, and they were necessary in order to separate this officer's residence from the lunatics' quarters.

*Proceedings of the Madras Government, Public Works Department,
13th August 1870.*

Item No. 13.—The bath-room to the hospital, fitted with douche, shower, and reclining baths, was proposed in the Sanitary Commissioner's letter above quoted, and approved in G. O., No. 2,913, dated 14th September 1868.

Item No. 15.—The asphaltting the floors of all the buildings was sanctioned in G. O., No. 630, dated 26th February 1869.

Item No. 19.—The additional cook-room for the hospital was approved in the above G. O. of the 14th September 1868.

Item No. 20.—The sinking a well and building bathing platforms were approved in G. O., No. 1,279, dated 18th May 1870.

Item No. 21.—The bathing platform and cisterns for the criminal enclosure were sanctioned in G. O., No. 2,913, dated 14th September 1868, quoted above.

Items Nos. 23, 24, 25 and 27.—These works were sanctioned in G. O., No. 295, dated 25th January 1870, and provide for fifteen solitary cells for European, East Indian, and native male and female lunatics; also for an additional room, stable, and coach-house for the Apothecary. Dr. Mackenzie, the Inspector-General, Medical Department, in his letter, No. 426, dated 3rd December 1869, recommending these additions, also suggested that a new surrounding ditch should be excavated, which is provided for in the last item. The solitary cells are to take the place of the padded rooms struck out of the original estimate, sanctioned in G. O., No. 3,311, of the 20th October 1868, and No. 3,873, dated 12th December 1868.

Item No. 28.—The fittings for the Superintendent's quarters were ordered to be carried out in G. O., No. 3,106, dated 23rd September 1869.

Item No. 30.—This entry allows for the provision of mats and blinds for the same quarters. I submitted the estimate with my letter, No. 1,420, dated 30th June 1870, asking for instructions as to the addition of the work in my general estimate, as the Barrack Master's Department has hitherto supplied these articles.

Item No. 29.—The provision of quarters for the Keepers employed at the Asylum has not as yet been called for by Government; but the Inspector-General and Medical Officer in charge state that these men must be accommodated with hutting of some kind or other, and I have directed the Executive Engineer to estimate for quarters on the plan of the Mofussil Police lines for the number of Keepers said to be required.

4. In the G. O., No. 1,171, dated 4th May 1870, a sum of Rupees 15,000 is provided this year for the prosecution of the works, and it is shown that out of the estimate of Rupees 2,02,000, a sum of Rupees 1,97,221 has been expended to the 31st March 1870, a sum of Rupees 46,000 being further required to complete additional works sanctioned. The estimate now submitted amounts to Rupees 76,190, which is Rupees 30,190 in excess of the above sum, but in the former statement sent to you the Police lines and one or two other items lately sanctioned were not included. In G. O., No. 1,136, dated 29th April 1870, a sum of Rupees 8,740 was allotted to meet the cost of work carried out last year but not paid for. The amount, therefore, sanctioned in 1870-71 for outlay on the Asylum buildings is Rupees 23,740.

*Proceedings of the Madras Government, Public Works Department,
13th August 1870.*

No. 204.

ORDER THEREON, 13th August 1870, No. 1,931.

CIVIL WORKS, No. 23.

WITH this letter the Superintending Engineer of the 4th Division submits a supplemental estimate of Rupees 76,190, for additions and improvements to the new Lunatic Asylum at Locock's Gardens in Madras, for the construction of which a sum of Rupees 2,02,000 was sanctioned* by the Government of India in November 1868.

* G. O., No. 3,873, dated 12th December 1868.

2. The supplemental estimate appears to His Excellency in Council to be excessive, and it will accordingly be returned to the Superintending Engineer for revision, with the following remarks.

3. The necessity of the provision of three cooking-ranges at a cost of Rupees 611 (Items 2 and 9 in the Superintending Engineer's letter) requires explanation, and some arrangement should be devised by which the twenty-four night privies (Item 11) may be supplied at a less cost than Rupees 4,440.

4. Item 14 is understood to refer to the small masonry work erected to regulate the overflow of the tank within the grounds, but its use should be more fully described than by the term "calingulah."

5. As the floors of all the buildings were laid with flat bricks, there would seem to have been scarcely any necessity for asphaltting them, but as the work, it is believed, has been completed under the orders of Government in the Judicial Department, No. 238, of the 16th February 1869, the Item (No. 15) may, if necessary, stand.

6. It is observed that the additional room (Item No. 24) for the Apothecary is estimated for in compliance with the sanction accorded for its construction in the orders of Government in the Judicial Department, No. 11, of the 4th January 1870. If the work has not been carried out it should be deferred.

7. Items 16 and 26 may be omitted from the estimate, as the works provided for in them may be gradually carried out either by lunatic or convict labour under the direction of the Superintendent.

8. Although a certain number of solitary cells must eventually be provided, the Government are of opinion that their erection may be for a time deferred; and if those now estimated for are not in an advanced state towards completion, their construction should be suspended, and the absolutely necessary immediate requirements of the institution be for the present met by the conversion of two or three of the cottages into solitary cells at a small outlay.

9. The construction of quarters for fifty-two Keepers in such a permanent and expensive style as that for which an outlay of Rupees 22,360 is proposed is, in the opinion of Government, totally unnecessary. Item No. 24 may therefore be struck out of the estimate, and the Superintendent of the Asylum will make arrangements for suitably hutting his establishment at a more moderate cost.

10. The cost of rattan mats and blinds for the quarters of the Superintendent (Item 30) not being a Public Works charge has been struck out of the estimate. This charge will, under orders in the Judicial Department, No. 901, of

*Proceedings of the Madras Government, Public Works Department,
13th August 1870.*

the 21st July 1870, be met from the Budget assignment of the Barrack Master for supplying public offices with furniture.

11. In revising the supplemental estimate now returned, the Superintending Engineer will carefully scrutinize each item of charge, and reduce expenditure wherever it may be practicable. The revised estimate should be laid before Government at an early date.

 of the old building
 situated at
 the end of the
 road. a piece
 of land.

Deduct value of granite
 flooring. Rs 1,480
 Total Rs 21,520

3. Items Nos 1, 2 and 3. A general
 Cook Room and range were proposed in the
 Superintendent's letter to the Executive
 Engineer dated 10 July 1868, embodied in
 G.O. No 3311 dated 11 October 1868. - which
 building has been approved by the Medical
 authorities at the Asylum.

Items Nos 4, 5, 14, 15, 17, 18, and 26 -
 Constructing certain culverts foot bridges, and
 regravelling a portion of the roads, were
 ordered by the Executive Engineer, in the
 estimate, in order to provide easy access
 through the gardens from one point to
 another, and to allow of the proper discharge
 of the monsoon rains. Three items 15, 17
 and 18 are for a new road from the
 toll

toll bar to the Superintendent's house. It
 was also decided that a road was to be
 constructed east and west with branches
 from it not in the original estimate. In
 consequence also of new buildings having
 to be erected, gravel roads round them and to
 them have to be laid, which will account
 for the increase under this item.

Item No 6. The painting of the dirty
 patients room was proposed by the
 Superintendent in the letter quoted above
 to the Executive Engineer, and entered in
 G.O. of the 11 October 1868 sanctioning
 the estimate.

Items Nos 7 and 8. A general
 Latrine and Cook rooms for the female
 criminal enclosure were recommended in
 the same letter embodied in the above
 Order.

Items Nos 9 and 10. Cooking ranges
 and the conversion of the female cook
 room were called for by the Medical
 authorities, the former for the Hospital
 and female cook rooms, and the latter to
 provide a store room for the females,
 another cook room for their use
 having

having been built.

Item No. 11. 24 light privies for the cottages were referred to and asked for in the Sanitary Commissioner's letter No. 889 dated 21 August 1868, and sanctioned and approved in G.O. No. 2913 dated 14 September 1868.

Item No. 12. The palings round the Superintendent's Quarters were fixed on your verbal orders to Captain Goddard R.E. the Executive Engineer, and they were necessary in order to separate this Officer's residence from the Lunatic Quarters.

Item No. 13. The bath room to the Hospital, fitted with clouche, shower, and receiving baths, was proposed in the Sanitary Commissioner's letter above quoted and approved in G.O. No. 2913 dated 14 September 1868.

Item No. 15. The asphaltting the floor of all the buildings was sanctioned in G.O. No. 630 dated 26 February 1869.

Item No. 19. The additional cook room for the Hospital was approved

in the above G.O. of the 14 September 1868.

Item No. 20. The sinking a well and building bathing platforms were approved in G.O. No. 1279 dated 18 May 1870.

Item No. 21. The bathing platform and Cisterns for the Criminal enclosure were sanctioned in G.O. No. 2913 dated 14 September 1868 quoted above.

Items Nos. 23, 24, 25 and 27. These works were sanctioned in G.O. No. 295 dated 25 January 1870 and provide for 15 solitary cells for European, East Indian, and Native male and female lunatics, also for an additional room, stable, and coach house for the Apothecary, Doctor Mackenzie the Inspector General Medical Department in his letter No. 426 dated 3rd December 1869 recommending these additions, also suggested that a new surrounding ditch should be excavated which is provided for in the last item. The solitary cells are to take the place of the padded

Rooms struck out of the original estimate sanctioned in G.O. No. 3311 of the 20 October 1868, and No. 3873 dated 12 December 1868.

Item No. 28. The fittings for the Superintendent's Quarters were ordered to be carried out in G.O. No. 3106 dated 23 September 1869.

Item No. 30. This entry allows for the provision of mats and blinds for the same quarters. I submitted the estimate with my letter No. 1420 dated 30 June 70 asking for instructions as to the addition of the work in my general estimate, as the Barrack Masters Department has hitherto supplied these articles.

Item No. 29. The provision of quarters for the keepers employed at the Asylum has not as yet been called for by Government, but the Inspector General and Medical Officer in charge state

155
state that these men must be accommodated with bedding of some kind or other, and I have directed the Executive Engineer to estimate for quarters on the plan of the Mogusil Police lines for the number of keepers said to be required.

4 - In the G.O. No. 1171 dated 4 May 1870 a sum of Rs 15,000 is provided this year for the prosecution of the works. and it is shown that out of the estimate of Rs 20,200, a sum of Rs 19,221 has been expended to the 31 March 1870, a sum of Rs 4,600 being further required to complete additional works sanctioned. The estimate now submitted amounts to Rs 76,190 which is Rs 30,190 in excess of the above sum, but in the former statement sent to you, the Police lines and one or two other items lately sanctioned were not included. In G.O. No. 1136 dated 29 April 1870

a sum of Rupees 8740 was allotted to
meet the cost of work carried out last
year but not paid for. The amount
therefore sanctioned in 1879/80 for
outlay on the Asylum buildings is
Rupees 23,740.

Despatch No. 1870

Sr.

The Secretary to the Govt
of India P. W. D.
Sir
With my letter of the
20th October 1868, I had the
honour, under the orders
of His Excellency the Governor
in Council, to submit
an estimate of Rs 2,02,000
for the construction of a
Lunatic Asylum at Madras
and the sanction of the
Govt of India to the pro-
posed outlay was conveyed
in your letter of the 30th
November 1868. No 7126

No 3312

I think the estimate
submitted to Govt of India
returned for consideration

20/12/1864

I am now to forward a supplemental estimate amounting to Rs 75,520 for the construction of the several subsidiary buildings enumerated below which, omitted from the original arrangement for the accommodation of the Lunatics, have been found requisite to make the buildings complete.

The additions in question will chiefly consist of:

One general Cook room for Native males	Estimate 3,200
One do do Latrine for do do	2,000
Two Cook rooms for the females	1,140
Twenty four night privies for the Cottages	4,240
Wooden railings round Superintendent's quarters	3,300
Bathroom for the Hospital	1,170
Repaving the floors of all buildings	8,300
Making roads and side Channels	2,330
Three Solitary Cells consisting of fifteen rooms	17,000

I doubt the necessity of the article marked 4. (Cook room) as some arrangement can be made in the verandahs. I will not sanction this.

Article 7. night, I think should now be for the benefit of the floors are tiled.

Additional room stable and coach house for Apothecary	3,370
Graveling foot paths	2,730
Fixing glass windows, half doors, and punkahs to Superintendent's quarters	1,700
Constructing a line of fifty two keepers quarters	22,360

Article 11. might be done hereafter by Native labour.

Article 13. seems constant I would not sanction it.

Article 52. keepers' huts are requisite and they might be built much cheaper all in work are huts to be added in which men quarters.

Agd.

Art 8. might be postponed - done gradually by Native labour.

In explanation of the necessity of this outlay not having been foreseen I am to state that the description of accommodation to be provided being new to the officers of this Presidency, it was only as the arrangements developed themselves that the extent and nature of all the buildings required to place the establishment on a complete and efficient footing were understood, and under the joint recommendation of the Sanitary Commissioner and the

Inspector General of the
Indian Medical Department
were duly considered and
being found essential
were approved by the
Government. Under
these circumstances I am
to request the sanction
of the Govt of India to
the supplemental estimate
of Rs 75,520.

The total expenditure
up to the end of 1869-70
was Rs 1,97,221 and a
sum of Rs 23,740 has been
allotted for the current
official year.

Copies of the orders
relating to the additions
and improvements included
in the supplemental
estimate now forwarded

are enclosed for the infor-
mation of the Government
of India.

A plan showing the
additional buildings for
which ^{the} estimate now
forwarded provide, coloured
yellow, is herewith transmitted.

Q. No. 3873 of Rs 2,02,000 was sanctioned by the Govt of India in November 1868.

The supplemental ^{Secretary}
estimate appears to this ^{in com.}
Excellency in Council ^{sanction}
to ^{ordered}

to be excessive, and it will accordingly be returned to the Ship Engineer for revision, with the following remarks:

3. The necessity of the provision of 3 Cooking ranges at a cost of Rs 611 (Items 2 and 9 in the Supr Engineer's letter) requires explanation, and some arrangement should be devised by which the 2 night privies (Item 11) may be supplied at a less cost than Rs 444.00.

It is understood to refer to the small masonry works erected to regulate the overflow of the bank.

within the grounds,
but its use should be
more fully described than
by the term "Balingulali".
5.2. For the floors of
all the buildings were
laid with flat bricks,
there would seem to
have been scarcely any
necessity for repaving
them but as the work
of ~~it is finished~~
has been completed
under the order of
Govt in the Judicial
Departt No 238 of the
16th February 1869, the
lim(hols) ^{being of masonry} stand.

6. It is observed that the additional room (Room 24) for the Apothecary is estimated for in compliance with the auction

accomplish

accorded for its construction.
Now in the orders of
Govt in the Judicial
Department, No 11 of the
1st January 1870. If
the works have not been
carried out it should
be deferred.

7. Items 16 and 26 may
be omitted from the
estimate, as the works
provided for in them
may be gradually car-
ried out either by lu-
natic or convict labor
under the direction
of the Superintendent.

8. Although a certain
number of solitary cells
must eventually be pro-
vided, the Govt are
of

31
of opinion that their
erection may be for a
time deferred; and if
those now estimated
for are not in an ad-
vanced state towards
completion, their con-
struction should be
suspended, and the
absolutely necessary
immediate requirements
of the institution be
for the present met
by the conversion of
two or three of the cot-
tages into solitary cells
at a small outlay.

9. The construction
of quarters for 52 keepers
in such a permanent
and expensive style as
that for which an outlay
of

accords

tion of Rs 22,360 is proposed
Govt is, in the opinion of
Depart Govt totally unnecessary.
Item 24 may therefore
the word be struck out of the
carried estimate, and the
be deferred.
Superintendent of the
Item 25 will make
be omitted
arrangements for suits
estimate
by putting his Estab.
provided
blowment at a more
may be
moderate cost
ried out

natic or 10. The cost of ~~rotten~~ mats and
under the blinds for the quarters
of the Sup of the Superintendent
8- All (Item 30) ^{not with a Partition chamber} has been struck
number of out of the estimate. This
must ever charge will, under orders
vided, turn in the Judicial Department
No 901 of the 21 July 1870,
be

met from the Budget
assignment of the Barr
Master for supplying
public offices with fu
nature.

11. In revising the
supplemental estimate
now returned, the Sup
Engineer will carefully
scrutinize each item
of charge, and reduce
expenditure wherever
it may be practicable.
The revised estimate
should be laid before
Govt by the close of
the current month.
