*Proceedings of the Madras Government, Revenue Department,  
5th January 1871.*

No. 37. Read the following letter from the Officiating Secretary to the Government of India, Public Works Department, (Revenue—Forests,) to the Secretary to the Government of Madras, Revenue Department, dated Fort William, 14th December 1870, No. 766-F:—

THE Governor-General in Council has read with interest the correspondence that has taken place regarding the suggestion made from this department in May 1869, that a common depot should be established at the Town of Mysore for the sale of timber from the Wynaad and Mysore forests.

2. The arrangement now decided upon, as an experimental measure, to establish a separate depot at Mysore does not meet the original suggestion, which was that the Wynaad timber should be sold by the Mysore forests officers on behalf of the Madras Forest Department, but may very likely be found to work in a satisfactory manner; and His Excellency in Council will be glad to learn the effects of the measure, which should be noticed in the annual Forest Reports of both the Mysore and Madras Forest Department.
