Proceedings of the Madras Government, Marine Department, 4th January 1870.

No. 4 Read the following letter from the Master Attendant, Madras, to the Chief Secretary to Government, Fort Saint George, dated Madras, 10th December 1869, No 6918.

Administrative Department]

In the Proceedings of Government, dated 2nd September 1867, No. 224, the Government sanctioned the construction of a reservoir and cistern for supplying water to the Pier, at a cost of Rupees 4460, from the General Port Fund

2 In a subsequent Order, dated 2nd September 1868, and numbered 247, a supplemental estimate was sanctioned for the work in question, amounting to Rupees 2000, owing to a change having been made in the site originally fixed upon for the reservoir.

3. I have now the honour to enclose further correspondence on the subject as marginally noted, wherein the Executive Engineer, No 1 or Northern Range, makes a claim of Rupees 707-6-7 actually spent on the work in question, in excess of the amount sanctioned, in the aggregate, viz, Rupees 6460, and which I recommend be, under the explanation afforded by him, paid from the General Port Fund.

Letter from Supg Engr, 4th Divn, to Master Attendant, Madras, No 4569, 6th Dec 1869
Letter from Executive Engr, No. 1 or Northern Range, to the Supg Engr, 4th Divn, 21st Jan 1869, No 1806, and two enclosures.

4 I beg also to state that the pipes from the cistern along the Pier are not yet laid down, on account of the repairs of the Pier not having been completed. When this is done, the pipes will be placed in position by this department.
