*Proceedings of the Madras Government, Public Works Department,
29th November 1870.*

No. 531. Read the following letter from the Agent and Manager of the Madras Railway Company, to the Secretary to Government, Public Works Department, dated Madras, 26th November 1870, No. 4,379 :—

WITH reference to the enclosed copy of a letter* from the Chief Engineer,

* No. 629, 25th November 1870.

I have the honour to request that you will be kind enough to let us have the use of another steam pump in lieu of the one which the Acting Locomotive Superintendent reports to be unserviceable.

From the Chief Engineer, to the Agent and Manager of the Madras Railway Company, dated Madras, 25th November 1870, No. 629.

BEFORE sending up-country the steam pumps lent to us by the Public Works Department, I thought it advisable to have them examined at Perambore. This morning Mr. Collinson informed me that one of the boilers was useless, having been destroyed by being allowed to run dry when the fire was under it. This engine will be returned tomorrow to the Government Workshop, and I shall feel obliged if you will obtain instead an engine in good condition.

No. 532. ORDER THEREON, 29th November 1870, No. 2,877.

RAILWAY, No. 61.

THE General Superintendent of Public Works Stores and Workshops will arrange for placing at the disposal of the Agent and Manager of the Madras Railway a serviceable steam engine in lieu of the one which has been returned as out of order.
