*Proceedings of the Madras Government, Public Works Department,
3rd December 1870.*

No. 68. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Nullagutla, Sirwell Talook, Kurnool District, 15th November 1870, No. 230-B:—

I HAVE the honour to forward, for the sanction of Government, the enclosed report and estimate, amounting to Rupees 500, for laying down asphalte flooring to the four Wash-houses of the European Hospital at Bellary.

2. For the reasons stated in the report, the work may be said to be of a nature to require early attention; but considering that estimates for other "Minor Works" called for by the Military authorities successively for the past two or three years are now being received, and as there remains a balance of only about Rupees 1,200 under "Minor New Works, Military," I would recommend that the work provided for in the estimate submitted with this letter be deferred for execution in 1871-72.

No. 69. ORDER THEREON, 3rd December 1870, No. 2,929.

MILITARY WORKS, No. 1.

THE estimate of Rupees 500 for asphaltting the floors of the Wash-houses of the European Hospital at Bellary is sanctioned.

2. Lieutenant-Colonel Moberly will apply for the requisite funds after the 1st April next.
