*Proceedings of the Madras Government, Public Works Department,
6th December 1870.*

No. 110. Read the following Endorsement of the Military Department, dated Fort Saint George, 29th November 1870 :—

From the Officiating Quarter Master General, to the Secretary to Government, Military Department, dated Fort Saint George, 25th November 1870, No. 6,642.

WITH reference to paragraph 2 of Order of Government, No. 2,530, dated 6th September 1870, I have the honour, by order of His Excellency the Commander-in-Chief, to state that the Barrack Master, Fort Saint George, reports that the punkahs at present in use in the Poonamallee Barracks are of the old pattern, being 3 feet deep, which, if lowered, would be in the way of the men and obstruct passage, and possibly cause injuries to the men by coming in contact with them at night.

2. Under the foregoing circumstances, and as the Depôt Barracks are likely to be retained in use for some time, with advertence to Order of Government, No. 2,633, dated 3rd November 1870, Public Works Department, sanctioning these buildings being repaired, His Excellency recommends that the Public Works Department may be authorized to provide new punkahs with rigid connecting rods* (fringes being supplied by the Barrack Department) for these barracks instead of incurring the expense of supplying fringes to the old punkahs.

* *Vide* G. O. No. 2,200, dated 13th September 1870, Public Works Department.

TRANSFERRED to the Public Works Department, in continuation of docket in the Military Department, dated 24th October 1870, on letter No. 4,534, of 4th idem from the Quarter Master General.

Sir,

With reference to para 2 of Order of Government N^o 2530 dated 16th September 1870, I have the honor, by Order of His Excellency the Commander in Chief to state that the Quarter Master Fort St. George reports that the Puntahs at present in use in the Penamallee Barracks, are of the old pattern being 3 feet deep, which if lowered would be in the way of the men and obstruct passage and possibly cause injuries to the men by coming in contact with them at night.

2.

Under the foregoing circumstances and as the Depot Barracks are likely to be retained in use for some time, with adherence to Order of Government N^o 2433 dated 3rd November

1870

1870. P.W.D. sanctioning these Buildings being repaired, His Excellency recommends that the Public Works Department may be authorized to provide new Punthaks with rigid connecting rods (Fingers being supplied by the Barrack Department) for these Barracks instead of incurring the expense of supplying fingers to the Old Punthaks.
