*Proceedings of the Madras Government, Public Works Department,
25th January 1870.*

No 573. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 11th January 1870, No. 1,178 —

WITH reference to the Revenue Board's Proceedings, No. 9,225, dated the 16th December, stating that a loan of Rupees 18,452 can be granted from Local Funds for the Vedarnem Canal, subject to the re-payment of the amount in 1870-71, I have the honour to inform you that it is very desirable that the work, which remains to be done in connection with the canal, should be completed at an early date by accepting the above loan; but as the stoppage of the work was ordered in G. O., No. 4,008, of the 24th December, and as the provision of Rupees 10,000, made in the Imperial Budget of 1870-71 for this work, will not admit of the amount being fully repaid in 1870-71, I request you will be good enough to let me know if the work can now be resumed, and whether expenditure can be incurred to the full amount of the loan, the balance required to re-pay the loan being supplied from the reserve in 1870-71.

N^o 574 ORDER THEREON, 25th January 1870, No. 298.

CIVIL WORKS, No. 63

THE Superintending Engineer of the 6th Division will observe from the Order of Government in the Revenue Department, communicated in G. O., No. 186 of the 17th January 1870, that a loan from Local Funds cannot be made to the Vedarnem Canal, and His Excellency the Governor in Council is unable therefore to authorize the resumption of operations during the current official year.
