Total reduction to meet the deficit... 802

I have the honour, however, at the same time to state that the Minor New Work allotments, aggregating Rupees 802, enumerated in the G. O., are not now available for transfer, being absolutely required in this Division for emergent expenditure.

No. 236.-A. ORDER THEREON, 12th December 1870, No. 3,009-A.

ACCOUNT, No. 18.

THE two last of the transfers proposed in this letter are from Repairs under "Civil Buildings" and "Miscellaneous Public Improvement," but as the reduction of 6 per cent. ordered in G. O.

No. 2,445, dated 11th October 1870, was under "Communications," a transfer from any other head will necessitate an application to the Government of India which His Excellency the Governor in Council is unwilling to make. Lieutenant-Colonel Farewell will accordingly propose further transfers to the extent of Rupees 143 which the Government consider can without inconvenience be surrendered if taken in small sums from the grants for different roads.
