Proceedings of the Madras Government, Public Works Department, 14th December 1870.

No. 272. Read the following Circular from the Officiating Secretary to the Government of India, Public Works Department, (Account,) to the Governments of Madras, Bombay, Bengal, the North-Western Provinces and the Punjab; the Chief Commissioners of Oudh, Central Provinces, British Burmah, and Mysore and Coorg; the Resident at Hyderabad; the Agents to the Governor-General for Central India and Rajpootana; and the Superintendent, Port Blair and Nicobars, dated Fort William, 19th November 1870, No. 63:—

I AM directed to request that the Government of India may be furnished with a report showing how the arrangements have answered which were prescribed for trial in Government of India Circular No. 73, dated 25th August 1869, for the exhibition of important materials as distinct sub-heads in the estimates of large works. The following, I am to observe, are points on which full information is desired:— Whether the form of estimate used is that which accompanied the Government Circular No. 73, if not, what other form has been used; what restrictions have been imposed by the Government of Madras as to the nature of the estimates or the arrangements for work to which the proposed modification should be applied; whether its use has been found to increase the trouble of estimating to any serious extent; whether it has been found to facilitate the keeping or the control of accounts; what would the Madras Government propose as to the arrangements for future adoption by the department.
