*Proceedings of the Madras Government, Public Works Department,
21st December 1870.*

No. 457. Read the following Endorsement of the Military Department, dated Fort Saint George, 13th December 1870:—

From the Acting Inspector-General of Ordnance and Magazines, to the Secretary to Government, Military Department, dated Fort Saint George, 10th December 1870, No. G-256.

I HAVE the honour to bring to notice that the Commissary of Ordnance, Fort Saint George, has reported that much inconvenience is experienced by the Warrant Officer and party detailed to ship and land stores in the want of proper accommodation on the beach for the conduct of business, and insufficiency of protection from the effects of the weather.

2. A tent is at present used; but as the Warrant Officer and party are from time to time, throughout the year, on protracted duty at the beach, it is quite unsuitable for a permanent office, their being neither security nor privacy, while insufficient protection is afforded from heat and rain.

3. I therefore beg to suggest that a permanent office be provided. The present occasion appears to be opportune, as a building is under construction for the Pier establishment, an additional room may be added to this building, or a separate substantial shed erected at the inner end of the Pier, whichever may be considered most convenient and economical.

TRANSFERRED to the Department Public Works.

(Signed) A. WILDE, Major-General,
Secretary to Government.

No. 458. ORDER THEREON, 21st December 1870, No. 3,111.

MILITARY WORKS, No. 24.

COMMUNICATED to the Superintending Engineer of the 4th Division, who will report whether the required accommodation for the Warrant Officer at the Pier can be provided by the addition of a room to the building under construction for the Pier establishment, and, if so, he will submit the requisite plan and estimate.

(True Extract.)

Colonel, R.E.,

Secretary to Government.
