No. 695. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 10th January 1870, No. 1,165 :—

WITH reference to G. O., No. 3,783, dated the 30th November, ordering further reductions from the grants for Public Works, I have the honour to inform you that the expenditure on the allotments for the repairs of Civil Buildings in the Tanjore and Trichinopoly Districts has already exceeded the sums* to which the allotments under that head have been reduced by the above Order. Estimates to the full amount of the original† allotments have been sanctioned, and almost all the works have been commenced; the only sums that can be surrendered to meet the reduction‡ under this head, after stopping the works in progress, are Rupees 1,063 in Tanjore, and Rupees 169 in Trichinopoly. Should the Government see no means of providing for the difference otherwise, I would beg to surrender it from the head of Repairs under "Communication," as shown in the enclosed Statement, though the sums can be ill-spared at present owing to the large reductions already made under that head.

TANJORE,
10th January 1870.

(Signed) R. F. OAKES, Captain, R.E.,
Superintending Engineer, 6th Division.

Proceedings of the Madras Government, Public Works Department, 28th January 1870.

No. 696. ORDER THEREON, 28th January 1870, No. 360.

ACCOUNT, No. 82.

IN Proceedings, No. 3,783, of the 30th November 1869, the Government withdrew Rupees 2,500 and 800, respectively, from the allotments for repairs under Civil Buildings in the Tanjore and Trichinopoly Districts. The Superintending Engineer now reports that he is not in a position to surrender from that head of service more than Rupees 1,063 from the former, and Rupees 169 from the latter district, but proposes to meet the reduction by certain transfers from his allotment for repairs under "Communications." This arrangement His Excellency the Governor in Council accordingly sanctions.
