No. 705. Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 14th January 1870, No. 16 :—

In acknowledging receipt of G. O., No. 3,921, dated 15th December 1869, communicating sanction of the Government of India to an addition to this office establishment, I have the honour to request that you will be so good as to obtain the sanction of this Government to the alteration in the scale of salaries exhibited in the accompanying table.

2. The aggregate amount of the salaries sanctioned for the establishment will not be affected.

3. The records and accounts of each Railway in the Madras Presidency are kept distinct from each other, and I find it necessary, in order that the establishment may be equal to the work (which has of late increased largely), that it should be numerically strengthened. In my letter of the 31st July 1869, No. 234, I applied for sanction for two additional Clerks, which the Government of India reduced to one ; but under the arrangement now proposed, I shall be able to carry out my original intention and to give an additional hand to each of the two Railways in which the increases of work have been the largest.
