Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 5th February 1870.

No. 90. Read the following letter from Captain H. L. PRENDERGAST, R. E., Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated Madura, 6th January 1870 No. 2,288 :—

I HAVE the honour to report that, on the authority given in G. O., No. 3,023, of the 14th September, for certain repairs to Military buildings being carried out in anticipation of transfers from Civil buildings later in the year, I have also made similar transfers for two other estimates in expectation of sanction being formally accorded. A sufficient sum was held in reserve to meet these demands; but in G. O., No. 3,783, of the 30th November 1869, the allotment for Repairs, "Civil Buildings" is reduced by Rupees 800, and the balance left at the end of November, Rupees 236, does not meet this reduction.

2. The actual balance according to my Appropriation Return sent to the Controller is Rupees 838 under Repairs, "Civil Buildings," and I request sanction for a transfer of Rupees 602 from this head to Repairs, "Military," as follows :—

	RS.
For repairing wells in the Military Cantonment at Quilon	157
For repairing the Regimental Hospital at Quilon	262
Compensation for quarters to Key Serjeant at Palamcottah ...	70
Repairing Military buildings at Quilon	113
Total...	602

3. The balance of allotment for Repairs, "Civil Buildings" Rupees 838 being reduced to Rupees 38, the Appropriation Return will show an excess expenditure of Rupees 564; and to meet this in part, I beg that a transfer may be sanctioned of Rupees 200; thus, from Madura District:—

	RS.
Repairs, Miscellaneous Public Improvement	100
Do. Tinnevelly do. do.	100
Total...	200

these sums being left to credit after making the deductions of Rupees 200 from each Budget item ordered in G. O., No. 3,783.

There will then remain outlay in excess of allotment, Rupees 364.

4. I had waited for the Range reports to see if funds were elsewhere available; but in arranging the reduction of twelve per cent. under Repairs, "Communications," I find the balances are urgently required; the roads have been much injured by the heavy rains and floods, and on Road No. XVI., Palamcottah to Tenkasi, the 2nd Range allotment having been expended by the time, the order for reduction of twelve per cent. was received; there is an excess there of Rupees 405. There is but a small balance for the other section of the same road in the 1st Range, and this cannot be spared, so that the excess both under "Repairs," "Communications," and "Civil Buildings" is really unavoidable.

Proceedings of the Madras Government, Public Works Department, 5th February 1870.

No. 91. ORDER THEREON, 5th February 1870, No. 422.

ACCOUNT, No. 10.

Tinnevelly District.

IT appears from this letter that the Superintending Engineer of the 8th Division incurred an expenditure of Rupees 602 on the repair of certain Military Buildings in the expectation of being able to adjust the outlay from his allotment under Repairs to "Civil Buildings," but is unable to do so owing to that allotment having been reduced to Rupees 38 by the withdrawal from it of Rupees 800 in G. O., No. 3,783, of the 30th November 1869. Captain Prendergast now proposes to supplement the amount still available to the extent of Rupees 200 from the sources marginally indicated, leaving a balance of Rupees 364 to be provided.

		Rs.
Repairs, Miscellaneous Public Improvement, Madura	... ...	100
Do. do. Tinnevelly	... ...	100
Total...		200

2. The Government sanction the proposed transfers in anticipation of the approval of the Government of India, and the adjustment of the balance of Rupees 364 will be effected hereafter.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

" Controller of Public Works Accounts.
" Accountant-General.

Exd. J. Wright.

Madura

No. 2288 6th January 1870.

From,

Captain H. L. Prendergast R.E.

Offg. Superintending Engineer

8th Division

To,

Colonel C. A. Orr R.E.

Secretary to Government P.W.D.

Madras.

Sir,

I have the honor to report that on the authority given in G. O. No. 3023 of the 14th September, for certain repairs to Military Buildings being carried out in anticipation of transfers from Civil buildings later in the year, I have also made similar transfers for two other estimates, in expectation of sanction being formally accorded. As sufficient sum was held in reserve to meet these demands but in G. O. No. 3783 of the 30th November 1869 the allotment for repairs Civil buildings

is

is reduced by Rupees 800: and the balance left at the end of November Rupees 236 does not meet this reduction.

2. The actual balance according to my Appropriation Return sent to the Controller is Rupees 838: under repairs Civil buildings: and I request sanction for a transfer of Rupees 602 from this head to repairs Military: as follows

For repairing wells in the Military Cantonment at Quilon	Rs 157
For repairing the Regimental Hospital at Quilon	262
Compensation for Quarters to Key Serjeant at Palamcotta	70
Repairing Military buildings at Quilon	113
Total Rupees	602

3. The balance of allotment for repairs Civil buildings Rs 838, being reduced to Rupees 38: the appropriation Return will shew excess expenditure, Rs 564 and to meet this in part I beg that a transfer may be sanctioned of Rupees 200 thus, from Madura District Repairs Miscellaneous Public Improvements Rs 100 " Ditto Ditto " 100

Rupees 200

these sums being left to credit, after making the deductions of Rupees 200 from each Budget item, ordered in G.O. No. 3783.

There will then remain outlay in excess of allotment Rupees 364.

4. I had waited for the Range reports to see, if funds were elsewhere available: but in arranging the reduction of 12 per cent under Repairs Communications; I find the balances are urgently required: the roads have been much injured by the heavy rains & floods: and on Road No. XVI, Palamcottah to Tenkasi, the 2nd Range allotment having been suspended by the time, the order for reduction of 12 per cent was received; there is an excess there of Rupees 405.

There

There is but a small balance for the other Section of the same road in the 1st Range, and this cannot be spared. So that the excess both under Repairs Communications and Civil buildings is really unavoidable —

I have &c.
