Proceedings of the Madras Government, Public Works Department, 8th February 1870.

No. 129. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated Madura, 5th February 1870, No. 2,586 :—

On the consideration that funds have been hitherto granted in the Revenue Department for emergent repairs to breaches in Tinnevelly, I made no demand for funds under "Repairs, Agricultural," in the Annual Statement that accompanied my letter, No. 2,518, of the 28th January. But as by G. O., No. 230, dated 20th January, the expenditure is to be debited to the Public Works Department, I have the honour to represent that I am in need of Rupees 20,000 beyond the allotments hitherto given, and shall be glad if a further grant can be made to that amount at an early date, in order that works may be measured up, and the accounts settled before the close of the official year.

No. 130. Order thereon, 8th February 1870, No. 442.

IRRIGATION, No. 4.

Before passing final orders on this letter, the Government request the Superintending Engineer of the 8th Division to state whether the sum of Rupees 20,000 applied for is required in addition to the amount (Rupees 1,00,000) sanctioned in the orders marginally noted for the repairs of damages sustained by public works in the Tinnevelly District.]
